

NEW FIDIC YELLOW BOOK (SECOND EDITION)

09 May 2017 | Dubai
Legal Briefings

At the FIDIC International Contract Users Conference in London late last year, the pre-release of FIDIC's Yellow Book ("Second Edition") was revealed, with the objective of it being officially released late in 2017. FIDIC also announced that revised versions of the Red Book and Silver Book would follow later this year, but no further details have been provided at this stage.

Many would agree that the Yellow Book, which is now 17 years old, was due for a refresh. The proposed changes, however, are very extensive. While the contract remains lump sum, the length of the General Conditions has almost doubled, and there is a marked emphasis on contract administration procedures (such as the addition of a new "advance warning" mechanism and more streamlined claims and dispute resolution procedures). This sees a shift in the role of the Engineer who will be required to take a more proactive and engaged approach throughout the duration of the Project to knuckle out and resolve issues at an early stage.

We set out the highlighted changes below:

1. The role of the Engineer

- There is a new role for an "Engineer's Representative", who is based on Site throughout the duration of the Project.
