

Kanji Radicals Cheat Sheet

Remember, kanji isn't made up of individual strokes, it's made up of radicals. If you learn by strokes, you have to remember 5, 10, 15+ plus steps. If you learn the radicals, and put them together like building blocks, you'll only have to remember 2, 3, or 4 steps to put together a kanji. Doesn't that sound a lot nicer than learning each individual stroke? To get the full picture, use this cheat sheet with the kanji section of TextFugu.com.
