Section B.1.1

1. Do stars, planets, or moons fall towards Earth? Explain. What other phenomena do you see?

They all continuously are pulled towards Earth's surface. Their fall and/or orbit is their momentum. Stars, planets, and moons only are stopped when an "action" is something that "brakes" and stops them.

2. Compare the characteristics of the two ways of motion:

- a. Acceleration is the change of speed and/or direction, and can occur continuously.
- b. Speeds have definite values but no definite direction, and can be, longer, shorter, and not free.
- c. Speeds have neither definite speed or direction, and can occur continuously.

3. Which of the following are physical changes?

- a. melting ice into water
- b. burning a wooden log
- c. burning money
- d. dissolving salt in water

4. Use Table 1.1 to answer the following questions:

- a. Which of the objects listed have the highest falling speed? Money
- b. Which one gets into the water fastest? Money
- c. Which one gets properly in water faster, and which one is most affected? Money

Section B.1.2

1. What are the differences between a homogeneous and heterogeneous mixture?

Homogeneous mixtures have the same composition throughout (salt and water), while heterogeneous mixtures have composition that varies (oil and water). Some mixtures are homogeneous and some are heterogeneous. The oil and water mixture is a heterogeneous mixture.

You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
