**Constraints and Preferences** Katarzyna Dziubalska-Kolaczyk, 2001 The series publishes state of the art work on core areas of linguistics across theoretical frameworks as well as studies that provide new insights by building bridges to neighbouring fields such as neuroscience and cognitive science The series considers itself a forum for cutting edge research based on solid empirical data on language in its various manifestations including sign languages It regards linguistic variation in its synchronic and diachronic dimensions as well as in its social contexts as important sources of insight for a better understanding of the design of linguistic systems and the ecology and evolution of language

*Somali* John I. Saeed, 1999-01-01 Somali is spoken by more than nine million people in the Horn of Africa and by expatriate communities in the Middle East Europe and North America It is the official language of Somalia and an important regional language in Ethiopia and Kenya As a Cushitic language Somali is part of the great Afroasiatic language family whose other branches include Semitic Berber Chadic and Ancient Egyptian This book provides a comprehensive description of the grammar of the language that will be of interest to non specialists and linguists interested in typology and language comparison The author's accessible investigation of the phonology morphology syntax and discourse structure allows the reader a clear view of the linguistic character of Somali and through Somali of a Cushitic language A further important feature of the book is its use of authentic data from a range of sources including prose poetry and proverbs

*Somaliland* Philip Briggs, 2012 Little known to the outside world Somaliland has much to offer the truly intrepid traveller This pioneering guidebook introduces one of the world's least chartered travel destinations Author Philip Briggs covers everything from the low key capital Hargeisa and mediaeval port of Berbera to peerless rock art sites such as Las Geel and the scenery and wildlife of the Daallo Escarpment towering 2 000m high above the pristine reefs of the Gulf of Aden Somaliland's ruined cities and historical ports date back 5 000 years and have links with ancient Egypt and Axum in northern Ethiopia as well as the Ottoman and British Empires This guide offers background and practical information to every accessible corner of the country with the only real maps in existence of its capital and other large towns and a section on wildlife

Diversity in African languages Doris L. Payne, Sara Pacchiarotti, Mokaya Bosire, 2016-12-31 Diversity in African Languages contains a selection of revised papers from the 46th

Annual Conference on African Linguistics held at the University of Oregon Most chapters focus on single languages addressing diverse aspects of their phonology morphology semantics syntax information structure or historical development These chapters represent nine different genera Mande Gur Kwa Edoid Bantu Nilotic Gumuzic Cushitic and Omotic Other chapters investigate a mix of languages and families moving from typological issues to sociolinguistic and inter ethnic factors that affect language and accent switching Some chapters are primarily descriptive while others push forward the theoretical understanding of tone semantic problems discourse related structures and other linguistic systems The papers on Bantu languages reflect something of the internal richness and continued fascination of the family for linguists as well as maturation of research on the family The distribution of other papers highlights the need for intensified research into all the language families of Africa including basic documentation in order to comprehend linguistic diversities and convergences across the continent In this regard the chapter on Daats i in Gumuzic stands out as the first ever published article on this hitherto unknown and endangered language found in the Ethiopian Sudanese border lands

Historical Dictionary of Somalia Mohamed Haji Mukhtar, 2003-02-25 Despite advances in modern communication and the proliferation of information there remain areas of the world about which little is known One such place is Somalia The informed public is aware of a political meltdown and consequent chaos there but few comprehend the causes of this tragic crisis This new edition covers Somalia s origin history culture and language as well as current economic and political issues The alphabetical arrangement of this Dictionary with a complete chronology list of acronyms and in depth bibliography provide useful information about the country in a convenient format A vital addition to reference collections supporting undergraduate and graduate programs on Africa and the Middle East international relations and economics a useful fact filled compendium for government and public libraries NGO s and other special libraries

**The Form of Structure, the Structure of Form** Sabrina Bendjaballah, Noam Faust, Mohamed Lahrouchi, Nicola Lampitelli, 2014-12-15 This volume brings together articles by some major figures in various linguistics domains phonology morphology and syntax aiming at explaining the form of linguistic items by exploring the structures that underlie them The book is divided in 5 parts vowels syllables templates syntax morphology interface and Afro Asiatic languages Specific topics are the internal structure of vowels and its relation to harmony the logic of recurrent vocalic patterns syllabic prominence the interaction of syllabic and templatic structure and segmental realization the innateness of templates and paradigms the limits of phonology and various morpho syntactic implications on phonological form The volume renders homage to Jean Lowenstamm s work by underlining the importance of seeking structural and intermodular insight in the study of linguistic form

**How Somali Muslims Become Christians in Europe** Mátyás Bódi, 2026-02-27 Somali Christians constitute one of the world s most persecuted religious minorities yet their experiences have received remarkably little scholarly attention This book offers the first in depth examination of conversion from Islam to Christianity among Somalis and presents the first empirically

grounded theory explaining how individuals in the Global North navigate this transition and eventually disclose their new faith to Muslim relatives and communities Focusing on Somali converts living in the United Kingdom and Sweden the two European countries with the largest Somali immigrant populations the study sheds light on the complex and often precarious process by which individuals move from initial doubts to open commitment It not only traces the stages of this journey but also highlights the moral dilemmas intellectual challenges social dynamics and practical decisions that shape a convert s path By exploring both internal struggles and external pressures this book provides a rare and nuanced account of what it means to leave Islam for Christianity This volume will be of interest to scholars of religion and migration leaders in Muslim communities Christian workers ministering among Somali and other Muslim background populations as well as policymakers and human rights professionals How Somali Muslims Become Christians in Europe invites deeper reflection on the lived experience of religious freedom in contemporary societies
