thrust into the spotlight and all that comes with it women parties and a crippling pressure that s killing his game He s been able to resist his old bad habits but it hasn t been easy Coach Prescott is the only one who believes in him but what would Coach do if he knew the woman who tempts West most is Lou Can West and Lou overcome their demons to find lasting love Or will their stubborn personalities keep them apart *Skirts* Kimberly Chrisman-Campbell,2022-09-06 In a sparkling beautifully illustrated social history *Skirts* traces the shifting roles of women over the twentieth century through the era s most iconic and influential dresses While the story of women s liberation has often been framed by the growing acceptance of pants over the twentieth century the most important and influential female fashions of the era featured skirts Suffragists and soldiers marched in skirts the heroines of the Civil Rights Movement took a stand in skirts Frida Kahlo and Georgia O Keeffe revolutionized modern art and Marie Curie won two Nobel Prizes in skirts When NASA put a man on the moon the computer wore a skirt in the words of one of those computers mathematician Katherine G Johnson As women made strides towards equality in the vote the workforce and the world at large their wardrobes evolved with them They did not need to wear the pants to be powerful or progressive the dress itself became modern as designers like Mariano Fortuny Coco Chanel Jean Patou and Diane von Furstenberg redefined femininity for a new era Kimberly Chrisman Campbell s *Skirts* looks at the history of twentieth century womenswear through the lens of game changing styles like the little black dress and the Bar Suit as well as more obscure innovations like the Taxi dress or the Pop Over dress which came with a matching potholder These influential garments illuminate the times in which they were first worn and the women who wore them while continuing to shape contemporary fashion and even opening the door for a genderfluid future of skirts At once an authoritative work of history and a delightfully entertaining romp through decades of fashion *Skirts* charts the changing fortunes freedoms and aspirations of women themselves **Looks That Work** Janet Wallach,1988 The former fashion merchandising director of Garfinckles shows how easy it is to assemble an elegant and appropriate wardrobe for any job situation without spending a year s salary 8 pages of full color photographs 30 black and white photographs and 60 pages of line art **The American Look** Rebecca Arnold,2009 Drawing on a wonderful array of sources from fashion magazines to department store records this book is the rich and absorbing narrative and analysis of how New York sportswear evolved to become the definitive American style and how a modern fashion aesthetic was born Overinvested Nina Bandelj,2026-01-20 What happens when children become investment projects and child rearing becomes exhausting labor Parents are exhausted When did raising children become such all consuming never ending incredibly expensive and emotionally absorbing effort In this eye opening book Nina Bandelj explains how we got to this point how we turned children into financial and emotional investments and child rearing into laborious work At the turn of the twentieth century children went from being economically useful often working to support families to being seen by their parents as vulnerable and emotionally priceless In the new millennium however parents have become overinvested in the emotional economy of parenting Analyzing in depth interviews with

parents national financial datasets and decades of child rearing books Bandelj reveals how parents today spend save and even go into debt for the sake of children They take on parenting as the hardest but most important job and commit their entire selves to being a good parent The economization and emotionalization of society work together to drive parental overinvestment offering a dizzying array of products and platforms to turn children into human capital from financial instruments to extracurricular programs to therapeutic parenting advice And yet Bandelj warns the privatization of child rearing and devotion of parents monies emotions and souls ultimately hurt the well being of children parents and society Overinvested offers a compelling argument that we should reimagine children and what it means to raise them
