Three Story Method J. Thorn, Zach Bohannon, 2020-03-01 Storytelling isn't complicated. We'll prove it to you. Do you have an amazing idea for a novel but you struggle to get words on the page? Maybe the problem isn't writer's block. Maybe you need a writing process. Publishing veterans and bestselling authors Zach Bohannon and J. Thorn share their proven system for developing a plan that will bridge the gap between a collection of random notes and a cohesive first draft. This comprehensive book will teach you the foundations of fiction: Plot, Structure, Genre, Theme, Character, and World. Discover why you need a system to finish a first draft, whether you plot or pants. What Aristotle said about storytelling thousands of years ago that still applies today. How studying Star Wars can make you a better writer. What some of the most prolific authors believe about the craft. How all stories can be reduced to three components. Which archetypes create a more engaging reader experience. How the Hero's Journey is alike and different than the Virgin's Promise. Why you should cast your characters like a movie producer. Developed over 10 years and applied on millions of words of fiction, Thorn and Bohannon will show you how to layer your approach and build a fantastic story from the ground up. No more staring at a blinking cursor when you sit down to write. Become a master storyteller today. Three Story Method will transform you from a struggling writer into a career author.
