Future Ready Stephanie L. Woerner, Peter Weill, Ina M. Sebastian, 2022-10-18 To be a top performer in the digital economy to become truly future ready you need a playbook Now you have one It seems like almost every company you can think of including your own has embarked on a digital transformation journey The problem is many companies start down the road without a good sense of where they are going or a clear idea of how they will create and capture digital value Not surprisingly this leads to problems failure to realize the value from digital in their bottom lines wasted resources and effort added complexity and dysfunction This compact no nonsense book provides a solution In their years of working with senior executives around the world MIT research scientists Stephanie Woerner Peter Weill and Ina Sebastian noticed that these leaders knew they had to transform their businesses but lacked a coherent framework and a common language a playbook to guide and motivate their employees and keep everyone focused on a common goal Future Ready is that playbook Based on years of rigorous research with data from more than a thousand companies BBVA CEMEX DBS Fidelity Maersk and many others the book provides a powerful field tested four pathways framework that offers insights into the important dimensions at which a firm must excel in order to be competitive as well as the organizational disruptions that every firm must manage as part of the transformation journey The book includes instructive examples sharp analyses assessments to help companies benchmark themselves against top performers and many illuminating visuals to help crystallize the data and ideas Woerner Weill and Sebastian show that the goal isn't digital transformation but rather a profound business transformation Future Ready is your essential guide for becoming a top performer in the digital economy *The ... Guide to Mexico*, 2006 [Bank Politics](#) David Howarth, Scott James, 2022-11-03 The problem of banks being too big to fail was the defining regulatory issue of the global financial crisis However attempts to tackle the problem by separating retail banking from higher risk trading activities known as structural reform proved to be highly divisive and contributed to significant regulatory divergence In this book David Howarth and Scott James explain this variation by examining the politics of bank structural reform across six key jurisdictions the United States the European Union the United Kingdom France Germany and the Netherlands Integrating political economy and public policy approaches they develop a novel comparative financial power framework to analyse how financial industry influence is mediated by two factors first whether bank lobbying is unified and centralized cooperative financial power or divided and fragmented competitive financial power and second policy makers use of venue shifting to depoliticize contentious policy issues The book explains that the US and UK governments implemented major reforms because the banking industry was divided and faced significant opposition However venue shifting to an independent committee led to durable reform in the UK while political polarization in the US contributed to contested reform By contrast the French and German governments balanced unified bank lobbying and political pressures to act by pursuing limited symbolic reforms the Dutch government deflected the issue through delegation to multiple commissions no reform while

political stalemate at the EU level resulted from early venue shifting and concerted pan European bank lobbying The book makes a major contribution to scholarship on the political economy of finance and business power *The Young Expat's Guide to Mexico* Shari Margolin, Josh Meister, 2024-08-12 Mexico It's not just for retirees anymore Dreaming of escaping the grind for a lower stress healthier affordable and more adventurous life Let's throw in a couple of margaritas and some palm trees for ambiance The Young Expat's Guide to Mexico reveals the secrets to moving to and thriving in Mexico well before you hit retirement age Relocating your whole life to another country can seem intimidating and overwhelming but it's completely doable and expat couple Shari Margolin and Josh Meister can show you how Whether you're a remote worker an adventurous duo eager to escape the politics of your home country or a parent seeking a different life for your family this entertaining and empowering guide has you covered Through personal anecdotes and practical advice you'll discover how to flourish in Mexico expats responsibly choose the perfect place to live and navigate the logistics of visas importing a car schools renting buying building healthcare safety finances working and integrating into the community There's even some real talk on that infamous organization Packed with information tips and tricks this go-to resource will equip you to move to Mexico and live a rich rewarding and comfortable life It's a must-read for anyone who is Mexican curious or ready to take serious steps towards a new life south of the border If you've ever daydreamed of life in Mexico this book is an essential stepping stone for making it a reality This must-have resource is fun and easily digestible with personal anecdotes secrets and practical advice Have your highlighter ready you'll be referencing pages regularly when you embark on the journey of expat life Tamara Jacobi author of *Wildpreneurs Why Choose This Book Authentic Insights* Written by an expat couple with firsthand experience providing genuine advice and stories Comprehensive Coverage Insight on every detail from visas and importing a car to finding schools and healthcare Engaging Style Practical advice mixed with personal stories making it both useful and enjoyable to read Real Talk Honest discussions about safety and other critical topics that you won't find in other guides
