*Assessing Technology Integration and Digitalization in Secondary Education. A Case Study of Private Schools in Iligan City* Christian Garcia, 2024-07-29 Master s Thesis from the year 2023 in the subject Pedagogy School System Educational and School Politics language English abstract This study aimed to evaluate the integration of technology into the secondary school curriculum the impact of administrative digitalization initiatives and the resulting competitive edge of students in three private schools in the Diocese of Iligan City during the 2022 2023 school year Stratified random sampling selected 314 participants including 83 students from Mercy Junior College 97 from Holy Cross High School and 134 from

Christ the King College de Maranding alongside 95 purposively sampled teachers from these schools Employing a descriptive correlational design the research highlighted divergences in technology integration perceptions between teachers and students Teachers consistently supported learning engagement and goal enhancement while students showed varying levels of agreement Both groups recognized the importance of digital transformation initiatives and digital facilities correlating strongly with students competitive edge The study s findings led to the development of intervention programs TechMastery Boost AdminDigitize Excellence Initiative and FutureReady Scholars Program aimed at addressing gaps and fostering a cohesive educational environment The rejection of null hypotheses underscores the potential effectiveness of these measures in advancing a digitally adept educational framework

K-8 Instructional Methods Allan C. Ornstein, Richard I. Sinatra, 2004-12 This general methods text presents the preservice teacher educator with relevant instructional methods strategies and techniques to help develop an understanding of how literacy instruction impacts the entire K 8 curriculum Students success in school particularly in these days of vigorous academic standards and high stakes testing is related to their abilities to read comprehend analyze and reflect through critical thinking writing and computer interactions The text is organized in a realistic and easy to use format offering ideas for integrating theory with practice to improve the teaching and learning process The authors demonstrate solid instructional practices that emphasize reading and related literacy development through the content areas in each grade K 8 The text also examines the impact that reading and literacy development have had upon diversity and multiculturalism special learners at risk and economically disadvantaged students and technology and computers

Educational Computing Cleborne D. Maddux, Dee LaMont Johnson, Jerry Willis, 2001 This text focuses on general concepts theory and research on teaching learning and technology rather than on hands on assignments at the computer This book is most suitable for courses where students already have basic computing skills and the focus is on issues of integration of technology in the classroom or for courses where computing skills are taught simultaneously with the concepts issues and theories of integration This text is geared toward answering the question What would a teacher do differently if she he used computers in her his classroom The book links actual practice to underlying theories of both teaching and learning It helps students develop their own framework for thinking about educational computing

*Cti Higher Edn* Cengage Learning Australia, Thomson Course Technology, 2001-12

Integrating Computer Technology Into the Classroom Gary R. Morrison, Deborah L. Lowther, 2005 This book focuses on integrating computers into teaching through the use of an inquiry based easy to use model for creating lesson plans Teachers can use this 10 step process to design student centered learning environments in which computer technology is integrated as a tool for learning rather than as a delivery mechanism In addition this book provides many practical examples and tips throughout to facilitate student understanding of chapter content
