**The Smart Woman's Style Guide** Dr. I. Pearson, 2025-09-24 Style isn't about chasing trends. It's about fit, comfort, confidence, and clothes that make us feel like ourselves or let us change persona for a while. In this short guide, I take you through the real building blocks of style: fit, fabric, colour, tailoring, confidence, and even the science and future of smart clothing. But style isn't all serious. My book comes in two halves. The second half, *The Smart Woman's Guide to Putting On Knickers*, is an amusing exploration of the daily rituals nobody talks about: from the One Legged Hop and the Public Bathroom Flip to the full rules of the Knicker Olympics. Together, the two halves remind us that style is both empowering and fun. As usual in my books, they are my ideas and insights with text written by AI.

As part of a growing global awareness of the importance of eco-conscious living, both for the planet and as a means of promoting fair labor practices, more people than ever before are seeking to dress in an environmentally friendly way. On a broader scale, initiatives to promote a more sustainable approach to fashion have made headlines and grown like never before, from the release of the high-profile documentary *The True Cost* to the launch of the worldwide Fashion Revolution campaign. This timely book is organized into four chapters: Buy, Wear, Care, and Dispose, each containing a short introduction with essential information followed by practical tips and illustrated case studies to help you make the first step toward a more sustainable wardrobe. A detailed reference section recommends not only the best ethical fashion labels and collections but also eco-friendly fabrics, standards, and certifications, cleaning methods, renting, swapping, and recycling initiatives, and much more.

[The Midlife Woman's Guide to Thriving](#) Dr. I. Pearson, 2025-02-15 We're told that midlife is about us slowing down, settling in, or quietly fading into the background, but that's not how it should be. Midlife isn't the end of anything; it's the beginning of something powerful when we finally get to put ourselves first, not because everything is falling apart but because we've earned it. Our bodies change, our priorities shift. This is my guide to thriving, not just getting through midlife but embracing it. I'll talk about our confidence, joy, beauty, self-care, relationships, reinvention, and stepping into this next chapter with excitement, not fear. You're not here to shrink; you're here to shine. And midlife is the perfect time to do it.
