*Society and Social Pathology* R.C. Smith, 2017-02-21 This book offers one of the most comprehensive studies of social pathology to date following a cross disciplinary and methodologically innovative approach It is written for anyone concerned with understanding current social conditions individual health and how we might begin to collectively conceive of a more reconciled postcapitalist world Drawing reference from the most up to date studies Smith crosses disciplinary boundaries from cognitive science and anthropology to critical theory systems theory and psychology Opening with an empirical account of numerous interlinked carises from mental health to the physiological effects of environmental pollution Smith argues that mainstream sociological theories of pathology are deeply inadequate Smith introduces an alternative critical conception of pathology that drills to the core of how and why society is deeply ailing The book concludes with a detailed account of why a progressive and critical vision of social change requires a holistic view of individual and societal transformation Such a view is grounded in the awareness that a sustainable transition to postcapitalism is ultimately a many sided social individual and structural healing process

Outsmarting Autism, Updated and Expanded Patricia S. Lemer, 2019-03-19 Nautilus Award Winner 2019 Silver in Parenting Family A comprehensive resource for parents therapists caregivers and educators packed with lifelong strategies for Autism Spectrum Disorder ASD management and support Newly revised and updated this user friendly guide addresses autism identification treatment and prevention from pre conception through adulthood Outsmarting Autism describes more than 50 practical approaches with

proven efficacy including lifestyle modification dietary considerations and boosting the immune system After health improves focus turns to developing the sensory foundations for communication social skills and learning Patricia Lemer s approach is grounded in research on multifactorial causes or Total Load Theory which explains that developmental delays are caused not by one single factor but by an overload of environmental stressors on genetically vulnerable individuals Because every person with autism is unique this book guides readers to the therapies that may be right for each individual helping to make the difference between management and healing New research on topics like stem cells cannabis and dentistry is now included
