### CONTINUING COOKIE CHRONICLE

(Note: This is a continuation of the Cookie Chronicle from Chapter 1.)

**CCC2** After researching the different forms of business organization, Natalie Koebel decides to operate “Cookie Creations” as a proprietorship. She then starts the process of getting the business running. In November 2009, the following activities take place.

- Nov. 8 Natalie cashes her U.S. Savings Bonds and receives \$520, which she deposits in her personal bank account.
- 8 She opens a bank account under the name “Cookie Creations” and transfers \$500 from her personal account to the new account.
- 11 Natalie pays \$165 to have advertising brochures and posters printed. She plans to distribute these as opportunities arise. (Hint: Use Advertising Supplies.)
- 13 She buys baking supplies, such as flour, sugar, butter, and chocolate chips, for \$125 cash.
- 14 Natalie starts to gather some baking equipment to take with her when teaching the cookie classes. She has an excellent top-of-the-line food processor and mixer that originally cost her \$750. Natalie decides to start using it only in her new business. She estimates that the equipment is currently worth \$300. She invests the equipment in the business.
- 16 Natalie realizes that her initial cash investment is not enough. Her grandmother lends her \$2,000 cash, for which Natalie signs a note payable in the name of the business. Natalie deposits the money in the business bank account. (Hint: The note does not have to be repaid for 24 months. As a result, the note payable should be reported in the accounts as the last liability and also on the balance sheet as the last liability.)
- 17 She buys more baking equipment for \$900 cash.
- 20 She teaches her first class and collects \$125 cash.
- 25 Natalie books a second class for December 4 for \$150. She receives \$30 cash in advance as a down payment.
- 30 Natalie pays \$1,320 for a one-year insurance policy that will expire on December 1, 2010.
