

Multiple-Choice Questions

- In the first paragraph, Malcolm X repeats the phrase “at the hands of the white man” primarily to
 - emphasize the historical inevitability of racial conflict
 - underscore the shared experiences of oppression among Black Americans
 - argue that white Americans are consciously plotting political destruction
 - suggest that the government is unaware of racialized violence
- The speaker’s assertion that “it doesn’t mean that we’re anti-white, but... anti-oppression” (lines 12-14) functions mainly to
 - concede a point to critics while reframing the movement’s purpose
 - diminish the severity of his earlier accusations
 - refute the idea that civil rights activism has political motives
 - shift blame for racial tension onto Black activists
- In the phrase “ballot or the bullet,” Malcolm X uses contrast primarily to
 - suggest that the outcome of the election is unimportant
 - highlight the futility of political engagement
 - present two starkly opposed possible responses to continued injustice
 - warn that violent action is already unavoidable
- Malcolm X’s reference to “Honkies... Polacks... Italian refugees... every blue-eyed thing” (lines 24-27) serves primarily to
 - argue that European immigrants contribute positively to democracy
 - illustrate how whiteness functions as automatic social inclusion
 - challenge the idea that Black Americans reject assimilation
 - explain why American citizenship laws have become more restrictive
- The extended dining-table metaphor (“I’m not going to sit at your table...”) functions in the argument to
 - undermine the economic motives behind immigration
 - criticize the performative nature of white allyship
 - demonstrate the inadequacy of symbolic gestures in place of real equality
 - highlight the privileges enjoyed by immigrants over Black citizens
- In the sentence “I’m speaking as a victim of this American system,” (line 43) the speaker establishes credibility primarily by
 - acknowledging his own bias in evaluating national policy
 - positioning himself as a credible witness to injustice
 - contrasting his experiences with those of white Americans
 - admitting his lack of knowledge about legislative processes
- Malcolm X’s repetition of “wake up” and “let them know your eyes are open” appeals chiefly to which rhetorical strategy?
 - Establishing credibility through personal experience
 - Using logical reasoning and factual evidence
 - Stirring the audience’s emotions to motivate action
 - Responding to the urgency of the historical moment
- The imagery of escalating violence (“Molotov cocktails... hand grenades... something else next month”) primarily conveys
 - an exaggerated fantasy with no real-world implications
 - a prediction that civil rights activists will abandon all political efforts
 - a sense of urgency about rising frustration among young Black Americans
 - a condemnation of youth who reject peaceful protest
- The line of reasoning across the passage can best be described as moving from
 - personal narrative → historical overview → call to compromise
 - critique of government → explanation of constitutional law → celebration of progress
 - identification of shared oppression → justification of militant resistance → ultimatum for national change
 - discussion of economic policy → emotional appeal → argument for assimilation
- The repeated declaration “It’s the ballot or the bullet” functions rhetorically as
 - a thematic refrain reinforcing the ultimatum behind the argument
 - an attempt to distance the speaker from violent movements
 - a metaphor for the contradictions embedded in American citizenship
 - a paradox illustrating that both choices lead to peace

American Literature and American Identity Patrick Colm Hogan, 2021-11-10 In recent years cognitive and affective science have become increasingly important for interpretation and explanation in the social sciences and humanities However little of this work has addressed American literature and virtually none has treated national identity formation in influential works since the Civil War In this book Hogan develops his earlier cognitive and affective analyses of national identity further exploring the ways in which such identity is integrated with cross culturally recurring patterns in story structure Hogan examines how authors imagined American identity understood as universal democratic egalitarianism in the face of the nation's clear and often brutal inequalities of race sex and sexuality exploring the complex and often ambivalent treatment of American identity in works by Charlotte Perkins Gilman Eugene O'Neill Lillian Hellman Djuna Barnes Amiri Baraka Margaret Atwood N Scott Momaday Spike Lee Leslie Marmon Silko Tony Kushner and Heidi Schreck *Opening Doors* Joe Cortina, Janet Elder, Katherine Gonnet, 1995 This text presents a systematic way of approaching college textbook material that is designed to make students more efficient in their reading and studying It reinforces the essential skills of identifying the topic main idea and supporting details and also provides strategies for important skills ranging from predicting and questioning actively as you read to selecting organizing and rehearsing textbook material for a test

Learning to Predict and Predicting to Learn Thomas DeVere Wolsey, Douglas Fisher, 2009 Featuring practical instructional routines that are clearly linked to cognitive strategies students need to make sense of text this book combines a

rationale written from the perspective of current research that supports the use of the strategy or instructional routine with clear step by step directions and multiple examples from the classroom experiences of teachers across the United States These experiences appear as boxed features that are easily identifiable by the reader The text is written in such a way that readers may start on page one and work through the end of the book or use the book as a reference for their own practice or as an inservice tool Each cognitive strategy is linked via convenient matrices to the instructional routines that promote precision thinking on the part of students Features Differentiation between cognitive strategies for students and instructional routines teachers might use Provides teachers and preservice teachers with a means to think about the tools they use to promote cognitive proficiency on the part of students Often strategies are used a catch all term that does not clarify the difference between what teachers do and how students incorporate learn from those routines Boxed features Real teachers explain how they have used the tools discussed in the book Provides teachers with examples to which they may be able to relate Instead of an isolated example the voices of classroom teachers will explain how they have implemented instructional routines or promoted cognitive strategies for their students Sound rationale coupled with step by step procedures Teachers often like to know what works but many texts ignore their need and desire to know why a strategy or routine works This text links rationale with tools so that readers will be able to explain why they are using a routine or assisting students to use cognitive tools to understand how they might think more precisely about the books they read Theme Prediction Prediction is a popular request teachers make of their students but often teachers lack sufficient experience or rationale to know how students might use prediction to increase precision in thinking about books and other texts they read Approach Combination of both theoretical and research with useful tools students and teachers can implement tomorrow Many books take either a theoretical approach with little classroom application provided or a practical approach that does not help teachers understand why a given tool is useful and under what circumstances This book combines the best of both approaches to help teacher readers understand why a strategy or routine is worth the instructional time that might be devoted to it *On Course with Understanding Plagiarism Guide and Planner* Skip Downing, Wadsworth Publishing Staff, 2008-06-15
