

The image is a promotional artwork for the video game Chivalry: King's Edition. It features two central characters in a dramatic, confrontational pose. On the left, a dark, horned demon-like creature with a large, curved sword is shown in profile. On the right, a knight in full plate armor, wearing a crown and holding a sword, stands facing the creature. The background is a chaotic battle scene with a large, multi-towered castle in the distance under a dark, stormy sky. The overall color palette is dominated by dark blues, greys, and oranges from the fire and smoke of the battle. The title 'CHIVALRY' is prominently displayed in the center in a stylized, metallic font, with 'KING'S EDITION' written below it in a smaller, similar font. The game's logo, consisting of three vertical bars, is positioned above the main title.

CHIVALRY

Chivalry:

The History of Chivalry; Or, Knighthood and Its Times Charles Mills, 1844 **War and Chivalry** Matthew Strickland, 1996-12-12 This is the first large scale study of conduct in warfare and the nature of chivalry in the Anglo Norman period The extent to which the knighthood consciously sought to limit the extent of fatalities among its members is explored through a study of notions of a brotherhood in arms the actualities of combat and the effectiveness of armour the treatment of prisoners and the workings of ransom Were there laws of war in operation in the eleventh and twelfth centuries and if so were they binding How far did notions of honour affect knights actions in war itself Conduct in war against an opposing suzerain such as the Capetian king is contrasted to behaviour in situations of rebellion and of civil war An overall context is provided by an examination of the behaviour in war of the Scots and the mercenary routiers both accused of perpetrating atrocities *Chivalry and Violence in Medieval Europe* Richard W. Kaeuper, 1999 Includes evidence from chivalric literature chivalric mythology knights and hermits the Church and governing power war and violence prowess honor piety status war and tournament conduct of war looting and destruction loyalty nobility largesse formal manners male bonding sexual violence Song of Aspremont Crowning of Louis Raoul de Cambrai The Quest of the Holy Grail The Death of King Arthur Robert the Devil Sir Gowther The Romance of the Wings The Book of the Order of Chivalry L Histoire de Guillaume le Marechal Livre de chevalerie Morte Darthur etc **Holy Warriors** Richard W. Kaeuper, 2009-08-19 Kaeuper argues that chivalric ideology of the high and later Middle Ages selectively appropriated religious ideas to valorize the institution of knighthood He describes how both elite warriors and clerics contributed to a Christian theology that validated the knights bloody profession **French Chivalry** Sidney Painter, 1940 A richly painted and carefully documented picture of the life customs and opinions of the nobility particularly in France from the eleventh century to the end of the Middle Ages Back cover *Chivalry and Romance in the English Renaissance* Alex Davis, 2003 Includes information on Arthurian romances Migel de Cervantes Saavedra Captain Cox George Gascoigne Heraldry Edward Herbert Ben Johnson Francis Kirkman Gautier de Costes de la Calprenede Robert Laneham Sir Thomas Malory John Marston William Shakespeare Sir Philip Sidney Edmund Spenser Margaret Spufford Thomas arton women and romance etc [The History of Chivalry, Or, Knighthood and Its Times](#) Charles Mills, 1826 [A Companion to Chivalry](#) Robert W. Jones, Peter R. Coss, 2019 A comprehensive study of every aspect of chivalry and chivalric culture Chivalry lay at the heart of elite society in the Middle Ages but it is a nebulous concept which defies an easy definition More than just a code of ethical behaviour it shaped literary tastes art and manners as well as social hierarchies political events and religious practices its impact is everywhere This work aims to provide an accessible and holistic survey of the subject Its chapters by leading experts in the field cover a wide range of areas the tournament arms and armour the chivalric society s organisation in peace and war its literature and its landscape They also consider the gendered nature of chivalry its propensity for violence and its post medieval decline and reinvention in the early

modern and modern periods It will be invaluable to the student and the scholar of chivalry alike ROBERT W JONES is a Visiting Scholar in History Franklin and Marshall College PETER COSS is Emeritus Professor of Medieval History Cardiff University Contributors Richard Barber Joanna Bellis Matthew Bennett Sam Claussen Peter Coss Oliver Creighton David Green Robert W Jones Megan G Leitch Ralph Moffat Helen J Nicholson Clare Simmons David Simpkin Peter Sposato Louise J Wilkinson Matthew Woodcock

Medieval Chivalry Richard W. Kaeuper, 2016-05-19 Richard Kaeuper presents a new analysis of chivalry re interpreting it as a fundamental aspect of medieval society *Roman social life and literature. Age of chivalry* Delphian Society, 1913

The Orders of Chivalry James Henry Lawrence-Archer, 1887

Strong of Body, Brave and Noble Constance Brittain Bouchard, 1998 Medieval society was dominated by its knights and nobles The literature created in medieval Europe was primarily a literature of knightly deeds and the modern imagination has also been captured by these leaders and warriors This book explores the nature of the nobility focusing on France in the High Middle Ages 11th 13th centuries Constance Brittain Bouchard examines their families their relationships with peasants townspeople and clerics and the images of them fashioned in medieval literary texts She incorporates throughout a consideration of noble women and the nobility's attitude toward women Research in the last two generations has modified and expanded modern understanding of who knights and nobles were how they used authority war and law and what position they held within the broader society Even the concepts of feudalism courtly love and chivalry once thought to be self evident aspects of medieval society have been seriously questioned Bouchard presents bold new interpretations of medieval literature as both reflecting and criticizing the role of the nobility and their behavior She offers the first synthesis of this scholarship in accessible form inviting general readers as well as students and professional scholars to a new understanding of aristocratic role and function

From Chivalry to Terrorism Leo Braudy, 2005-04-12 Manliness has always been linked to physical prowess and to war indeed the warrior has been the archetypal man across countless cultures throughout time In this magisterial excursion through literature history warfare and sociology one of our most prominent scholars tracks the complex relationship between the changing methods and goals of warfare and shifting models of manhood This journey takes us from the citizen soldiers of ancient Greece to the medieval knights to the misogynistic terrorists of Al Qaeda As he chronicles these transformations Leo Braudy weighs the significance of everything from weapon technology to the hairstyles favored during different eras He offers fresh insights on codes of war and codes of racial purity and on cultural and historical figures from Socrates to Don Quixote to Napoleon to Custer to Rambo Epic in scope and free of academic jargon From Chivalry to Terrorism is a masterwork of scholarship that is both accessible and breathtakingly ambitious
