Project Management: Achieving Competitive Advantage Value Package (Includes MS Project 2007) Jeffrey K. Pinto, 2009 This text takes a holistic integrated approach to managing projects exploring both technical and managerial challenges It emphasizes not only individual project execution but also provides a strategic perspective demonstrating means to manage projects at the program and portfolio levels

Project Management Clifford F. Gray, Erik W. Larson, 2008 As the market leading textbook on the subject Project Management The Managerial Process 4e is distinguished by its balanced treatment of both the technical and behavioral

issues in project management as well as by its coverage of a broad range of industries to which project management principles can be applied. It focuses on how project management is integral to the organization as a whole. The 4th edition reflects the latest changes found in the practice. Other texts discuss the topics covered in this text but they do not view oversight as the project manager's operating environment as does Gray Larson.

Operations Management. How process and quality can be improved by strategic project management Louna Sbou, 2016-03-16 Seminar paper from the year 2011 in the subject Business economics Business Management Corporate Governance grade B Prifysgol Cymru University of Wales language English abstract The increasing role of operations management is based on globalization strong competition changing market structures shorter product life cycles as well as increasing customer needs and demands. Due to the fact that Operations Management concerns every product and service and its increasingly importance for all product or service providing companies the following essay focuses on that topic. In the first step the essay will provide theoretical foundations regarding operations management and particularly considering its main functional areas project management process management and quality management. The essay will continue with practical implementation on Bckerei X GmbH a German manufacturer of bakery products. The company's main problems and challenges concerning its order process will be pointed out as well as measures for improvement regarding quality and process issues via project management. The recommended action plan given in the last chapter will show why and how a strategic project can put the company on the essential basis for further quality and process development measures.
