Snapchat Hacked The Snapping:

The Psychology of Social Media Ciarán Mc Mahon, 2019-03-25 Are we really being ourselves on social media Can we benefit from connecting with people we barely know online Why do some people overshare on social networking sites The Psychology of Social Media explores how so much of our everyday lives is played out online and how this can impact our identity wellbeing and relationships It looks at how our online profiles connections status updates and sharing of photographs can be a way to express ourselves and form connections but also highlights the pitfalls of social media including privacy issues From FOMO to fraping and from subtweeting to selfies The Psychology of Social Media shows how social media has developed a whole new world of communication and for better or worse is likely to continue to be an essential part of how we understand our selves *ICCWS 2015 10th International Conference on Cyber Warfare and Security* Jannie Zaaiman, Louise Leenan, 2015-02-24 These Proceedings are the work of researchers contributing to the 10th International Conference on Cyber Warfare and Security ICCWS 2015 co hosted this year by the University of Venda and The Council for Scientific and Industrial Research The conference is being held at the Kruger National Park South Africa on the 24 25 March 2015 The Conference Chair is Dr Jannie Zaaiman from the University of Venda South Africa and the Programme Chair is Dr Louise Leenen from the Council for Scientific and Industrial Research South Africa *The Internet and Constitutional Law* Oreste Pollicino, Graziella Romeo, 2016-01-13 This book analyses emerging constitutional principles addressing the regulation of the internet at both the national and the supranational level These principles have arisen from cases involving the protection of fundamental rights This is the reason why the book explores the topic thorough the lens of constitutional adjudication developing an analysis of Courts argumentation The volume examines the gradual consolidation of a constitutional core of internet law at the supranational level It addresses the European Court of Human Rights and the Court of Justice of the European Union case law before going on to explore Constitutional or Supreme Courts decisions in individual jurisdictions in Europe and the US The contributions to the volume discuss the possibility of the constitutionalization of internet law calling into question the thesis of the so called anarchic nature of the internet **Social Media and the Good Life** Mark Y. Herring, 2015-06-14 Social media have accelerated communication expanded business horizons and connected millions of individuals who otherwise would never have met But not everything social media touch turns to gold much of it is brass Social networking sites are used by scammers criminals and sexual predators and many people now self diagnose illness based on misinformation shared online Businesses make great claims about social media as a marketing tool but few show any real returns We communicate through social media but are we really saying anything Is social media doomed to be a conduit of narcissism or can it become a channel for responsible communication Can social networking overcome its manifold violations of privacy Must we sacrifice our identities in order to tweet or friend our associates This book examines some of the legal and ethical issues surrounding social media their impact on civil discourse and their role in suicides
