The Social Problem-solving Inventory for Adolescents (SPSI-A) Marianne Frauenknecht, David R. Black, 2003

Social problem-solving inventory for adolescents (SPSI-A) Marianne Frauenknecht, David R. Black, 1995 Psychometric properties of the social problem solving inventory (SPSI) with normal and emotionally disturbed adolescents Christine Sadowski, Lisa A. Moore, Mary Lou Kelley, 1994 *Practitioner's Guide to Empirically Based Measures of Social Skills* Douglas W. Nangle, David J. Hansen, Cynthia A. Erdley, Peter J. Norton, 2009-12-16 Social skills are at the core of mental health so much so that deficits in this area are a criterion of clinical disorders across both the developmental spectrum and the DSM The Practitioner's Guide to Empirically Based Measures of Social Skills gives clinicians and researchers an authoritative resource reflecting the ever growing interest in social skills assessment and its clinical applications This one of a kind reference approaches social skills from a social learning perspective combining conceptual background with practical considerations and organized for easy access to material relevant to assessment of children adolescents and adults The contributors expert guidance covers developmental and diversity issues and includes suggestions for the full range of assessment methods so readers can be confident of reliable valid testing leading to appropriate interventions Key features of the Guide An official publication of the Association for Behavioral and Cognitive Therapies Describes empirically based assessment across the lifespan Provides in depth reviews of nearly 100 measures their administration and scoring psychometric properties and references Highlights specific clinical problems including substance abuse aggression schizophrenia intellectual disabilities autism spectrum disorders and social anxiety Includes at a glance summaries of all reviewed measures Offers full reproduction of more than a dozen measures for children adolescents and adults e g the Interpersonal Competence Questionnaire and the Teenage Inventory of Social Skills As social skills assessment and training becomes more crucial to current practice and research the Practitioner's Guide to Empirically Based Measures of Social Skills is a steady resource that clinicians researchers and graduate students will want close at hand Peer Programs Judith A. Tindall, David R. Black, 2011-03-17 An overview of peer helping Peer Programs explains the value of and techniques for helping non professionals learn to help others one on one in small groups and in groups of classroom size Intended to be of use to those responsible for planning implementing and or administering peer programs this text should also convince those who are not directly involved that peer helping is a worthwhile undertaking reducing drug and alcohol abuse dropouts violence and conflict HIV and AIDS pregnancy stress and negative peer pressure **Evaluating and Treating Adolescent Suicide Attempters** Anthony Spirito, James C. Overholser, 2003 Evaluating and Treating Adolescent Suicide Attempters provides a comprehensive overview of the emotional behavioral and cognitive characteristics of adolescents who have attempted suicide Each chapter opens with a case study vignette from the author's extensive clinical files followed by a summary of the empirical literature Assessment and treatment practices close each chapter While suicide is the third largest

killer of adolescents most suicide attempts do not result in death Therefore the treatment of the suicide attempter following the attempt becomes a significant part of the clinician s work with these adolescents Moreover the precursors and behavioral markers for a suicide attempt become important signals for the school counselor youth worker or therapist This book also include assessment measures to use when evaluating an adolescent who has attempted suicide Includes an outline form of an assessment battery for adolescents who have attempted suicide Analyzes and discusses treatment and case studies Presents detailed descriptions of specific therapy techniques useful with adolescents who attempt suicide Includes succinct reviews of the literature ways to measure relevant factors related to suicidal behavior tips for clinicians and reviews of pertinent assessment measures

New Directions in Treatment, Education, and Outreach for Mental Health and Addiction Thalia MacMillan, Amanda Sisselman-Borgia, 2018-02-20 This practice enhancing volume assembles the latest innovative thinking on working with clients who have both mental health diagnoses and substance use disorders Diagnosis is a central focus of the coverage untangling the often knotty considerations surrounding dual diagnosis and the complex issues surrounding treatment even in frequently seen combinations e g depression alcohol abuse The section on practice emphasizes meeting patients where they are and making use of their community cultural and spiritual contexts in crafting interventions And the book s ambitious chapters on professional development describe training programs with the potential to produce the next generation of responsive knowledgeable and flexible therapists Among the topics covered Comprehensive assessment of substance abuse and addiction risk in adolescents The relationship between attachment and addiction Addiction in the community the role of emergency services Substance use during and after major crisis and disaster a practitioner s guide Practice advocacy and outreach perspectives on addiction services Teaching the importance of developing the therapeutic relationship *New Directions in Treatment Education and Outreach for Mental Health and Addiction* equips health and clinical psychologists social workers and addiction counselors and educators with a well rounded understanding of a growing population and a wealth of perspectives on effective new interventions

Problem-solving Therapy Thomas J. D'Zurilla, Arthur M. Nezu, 1999

Assessment, Treatment, and Prevention of Suicidal Behavior Robert I Yufit, David Lester, 2004-11-03 Current and comprehensive information concerning the assessment and treatment of suicidal persons and the prevention of suicidal behavior The eighth leading cause of death in the United States and the second leading cause among U S teens suicide is unique in being self inflicted and is as such often preventable By assessing the risk of suicide accurately providing effective treatment according to this risk and implementing strategies against suicidal urges mental health professionals can successfully guide their clients away from this senseless taking of life *Assessment Treatment and Prevention of Suicidal Behavior* provides the most current and comprehensive source of information guidelines and case studies for working with clients at risk of suicide It offers clinicians counselors and other mental health professionals a practical toolbox on three main areas of interest Screening and Assessment covers empirically based assessment techniques

and how they can define dimensions of vulnerability and measure the risk of self destructive behavior Authors discuss research on the use of each screening instrument guidelines and suggestions for using the instrument in practice and a case study illustrating its application Intervention and Treatment compares several different approaches for structuring psychotherapy with suicidal clients Each author covers a psychotherapy system its application to suicidal clients and a case study of its real world use Suicide and Violence explores the relationship between suicidal individuals and violence covering suicide in specific contexts such as school violence police confrontations and terrorist violence This section also includes a discussion of the increased risk of suicide in our more insecure and violent world as well as how to promote coping styles for these new anxieties While addressed mainly to psychologists social workers and other mental health professionals for use in serving their clients as well as students of psychology Assessment Treatment and Prevention of Suicidal Behavior is also an accessible and valuable resource for educators school counselors and others in related fields Adolescent Suicide Peter M. Gutierrez, Augustine Osman, 2008 Suicide and suicide attempts among adolescents are significant public health problems Consequently identifying at risk youth in time to provide intervention not only helps to prevent suicides and suicide related injuries but improves young persons overall quality of life and increases the chances for healthy and productive lives Believing that adolescent suicide can be prevented Gutierrez and Osman have developed a set of tools for assessing suicide risk designed especially for adolescents In contrast to the most common assessments that focus solely on risk factors these tools measure both risk and protective factors in order to predict more accurately the probability of suicide and suicide related behaviors This guide is designed to enable nonspecialists as well as professional clinicians researchers school psychologists and other school based professionals to select appropriate assessment tools and to evaluate the results Recognized experts in suicidology both Gutierrez and Osman have published numerous specialized articles This book synthesizes their work in a manner accessible to all practitioners responsible for identifying and working with at risk adolescents Included is an appendix of five assessment tools that can easily be photocopied for repeated use **Social Problem-solving Inventory-revised** Thomas J. D'Zurilla, Arthur M. Nezu, Albert Maydeu-Olivares, 2013 Cognitive and Behavioral Theories in Clinical Practice Nikolaos Kazantzis, Mark A. Reinecke, Arthur Freeman, 2009-10-16 Demonstrating the importance of theory for effective clinical practice this thought provoking volume brings together leading experts on a range of contemporary cognitive and behavioral approaches The contributors probe the philosophical and theoretical underpinnings of each model its assumptions about normal psychological processes the development and maintenance of psychopathology and the mechanisms by which therapeutic changes take place The historical antecedents of the theories are examined and studies that have tested them are reviewed Vivid case studies show practitioners how theory informs clinical decision making and technique in each of the respective approaches *Cumulated Index Medicus*, 1995 **American Journal of Health Behavior**, 1996 **A Comparison of Two Cognitive-behavioral Group Treatments for Adolescent**
