Memory and Spatiality in Post-Millennial Spanish Narrative Lorraine Ryan, 2016-04-22 Focusing on literary texts produced from 2000 to 2009 Lorraine Ryan examines the imbrication between the preservation of Republican memory and the transformations of Spanish public space during the period from 1931 to 2005 Accordingly Ryan analyzes the spatial empowerment and disempowerment of Republican memory and identity in Dulce Chacón's *Cielos de barro* Angeles López's *Martina la rosa* Nino Merino's *trece* Alberto Mndez's *Los girasoles ciegos* Carlos Ruiz Zafón's *La sombra del viento* Emili Teixidor's *Pan negro* Bernardo Atxaga's *El hijo del acordeonista* and Jos María Merino's *La sima* The interrelationship between Republican subalternity and space is redefined by these writers as tense and constantly in flux undermined by its inexorable relationality which leads to subjects endeavoring to instill into space their own values Subjects erode the hegemonic power of the public space by articulating in an often surreptitious form their sense of belonging to a prohibited Republican memory culture In the democratic period they seek a categorical reinstatement of same on the public terrain Ryan also considers the motivation underlying this coterie of authors commitment to the issue of historical memory an analysis which serves to amplify the ambit of existing scholarship that tends to ascribe it solely to postmemory *Global Issues in Contemporary Hispanic Women's Writing* Estrella

Cibreiro, Francisca López, 2013 Carolyn Tuttle led a group that interviewed 620 women maquila workers in Nogales Sonora Mexico The responses from this representative sample refute many of the hopeful predictions made by scholars before NAFTA and reveal instead that little has improved for maquila workers The women's stories make it plain that free trade has created more low paying jobs in sweatshops where workers are exploited Families of maquila workers live in one or two room houses with no running water no drainage and no heat The multinational companies who operate the maquilas consistently break Mexican labor laws by requiring women to work more than nine hours a day six days a week without medical benefits while the minimum wage they pay workers is insufficient to feed their families These findings will make a crucial contribution to debates over free trade CAFTA DR and the impact of globalization The book visits continuities and discontinuities among Spanish and Latin American women with regards to the ways in which they approach writing as a

political weapon to express ecological concerns to denounce social injustice to re articulate existing paradigms such as local versus global violence versus pacifism immigrant versus citizen and to raise consciousness about racist sexist and other discriminatory practices Such use of writing as an instrument of ethical and political exploration is underlined throughout the different articles in the volume as the authors emphasize pluralism social justice gender equality tolerance and political representation This book offers readers a broad perspective on the multiple ways in which Hispanic women writers are explicitly exploring the social political and economic realities of our era and integrating global perspectives and gender concerns into their writing highlighting the unprecedented level of sociopolitical engagement practiced by 20th and 21st century Hispanic women writers

Ojáncano, 2005 *La encrucijada de la memoria* Ana Luengo, 2004 La publicación de la *La encrucijada de la memoria* coincide con la tardía exaltación mediática de la memoria colectiva de la Guerra Civil Española Sin embargo en este libro no se ofrece otra mirada autocomplaciente sino que se elabora un críptico m todo de análisis de la novela como objeto semiótico partiendo de las primeras reflexiones de Maurice Halbwachs sobre la memoria colectiva y de los estudios llevados a cabo en otras disciplinas sociales y humanistas sobre la conmemoración pública Así con el análisis de seis novelas contemporáneas sobre la Guerra Civil *El jinete polaco* de Antonio Muñoz Molina *Cambio de bandera* de Félix de Azúa *La hija del Canbalal* de Rosa Montero *Cielos de barro* de Dulce Chacón *La caída de Madrid* de Rafael Chirbes y *Soldados de Salamina* de Javier Cercas se propone una reflexión sobre la responsabilidad del artista como portador de la memoria colectiva en la sociedad y sobre la encrucijada entre la difícil confrontación histórica y el aprovechamiento estético y efectista del pasado en que se encuentran estas novelas escritas en la última década del siglo XX La cuestión a desentrañar será qué base moral se quiere sentar para el presente y el futuro en España
