One Summer George M. Leon,2007-11-20 This is a love story based on events that occurred in my life more than fifty years ago Some of the names have been changed and some events may have been diminished or embellished while recalling things that happened when writing the story The story is a based on recollections of actual experiences I had It is a story filled with discovery joy and the innocence of teenage years back in the fiftys It also shows how those years became the building blocks of a lifetime The motivation for writing this came from an extraordinary thing that happened to me in the Spring of 2006 that stirred my memory and caused me to recall with clarity what I had so long ago buried in my subconscious mind I met a person who became a good friend but more importantly she reawakened everything I had discovered in that one magical summer back in 1954 Looking back as an adult fifty years later made me realize that there is symmetry in life but many people never take the time to see it This all started for me when we returned from our Winter Condo in Boca Raton Florida in

April of 2006 As per my usual morning routine I continued to awaken early and go over to Starbucks to sit and have my morning cup of Decaf Americano Id sit there and read the Daily News or the New York Times and chat with some fascinating people I had met whod become friends in the several years since I retired One particular April morning I came in and they had a new person in charge of the morning shift working there From the moment I saw her I could not stop looking at her There was something instantly so familiar about her but I wasnt able to see exactly what it was initially When I made the connection with what it was it hit me like a ton of bricks After we were introduced we began chatting briefly but the more we made small talk the less I actually heard what she was saying as memories of my past flooded back All of a sudden I was fifteen years old again I knew then I had to sit down and somehow get this written I also knew I would at some point have to share this amazing story with her if or when I got to know her better It was interesting recalling my early childhood and the events that brought me to that wonderful summer of discovery and falling in love for what I believed then to be the first and last time in my life That summer held some of the keys to the person I would become as I grew up and dealt with life at all ages *Melody*,1925

Fires Forever Burning Paul Hookham,2016-01-15 Rachel Fischer looked out at the Essex marshlands as her train sped towards London s Fenchurch Street station on a hot summer s morning in 1966 She was expecting just another uneventful day at the Polish Embassy where she worked part time as a translator She thought about her parents Izaak and Rebekah who she d last seen on the day before the Krakow ghetto was liquidated by the Nazis in 1943 She had no idea what happened to them and feared the worst Her search for the truth had proved elusive until now She never spotted the man who jumped on the train out of the shadows at the last minute He sat patiently one carriage back awaiting his moment as the final steps of his master plan were being played out It would certainly not be just another day at the office and by the end of it lives would change forever
