Demystified David Fisher, Barry Fisher, Jason Kolowski, 2006-08-28 There is no easier, faster, or more practical way to learn the really tough subjects. *Forensics Demystified* explains forensic science in a logical progression from evidence collection through analysis and finally to the scientist actually testifying in court. This self-teaching guide comes complete with key points, background information, quizzes at the end of each chapter, and even a final exam. Simple enough for beginners but challenging enough for advanced students, this is a lively and entertaining brush-up introductory text or classroom supplement.

Start with a Story Clyde Freeman Herreid, 2007 Kipp Herreid learned other ways to teach much better ways. His favorite approach puts science in vivid context through case studies which he calls stories with an educational message. This compilation of 40 plus essays examines every aspect of the case study method. Back cover.
