

## The Rainbow Serpent

The following story is based on a traditional Dreaming story, involving the Rainbow Serpent.

Long, long ago in the Dreaming, the Earth lay flat and still. Nothing moved and nothing grew. One day, a

beautiful snake made from her slither and came out from under the ground. The snake was known as the Rainbow Serpent.

She travelled for a very long time, for and with her body made her way across the land, her body formed mountains, valleys and rivers.

The Rainbow Serpent was The Dreaming creature who shaped the Earth. After all of her travelling, she grew tired. She curled up and went to sleep.

After some rest, it was time for the Earth to be made again. The Rainbow Serpent came out to the Earth. They said, 'The Rainbow Serpent is very strong because they had so much water in their bodies. The Rainbow Serpent shaped their country, and the water began to fill the holes from the Rainbow Serpent's body. This is how the water and rivers were formed.'

After they were given new bodies as people, the Rainbow Serpent was made to look like a snake on the ground.
