Dr. Mandeep Singh Nathial,2020-09-03 Educational technology in teaching and learning is an important and challenging  
aspect in education The developments in technology have made major impact on the education system across the globe It has  
helped in broadening our vision towards new methods in education Technology for improving and facilitating learning  
process is everywhere and helps in increasing the performance within the educating system Implementation of technology in  
education system has started taking place in every classroom and has become an integral part of the system Thus  
technologies act as leaning and teaching tool for teachers and students Teaching physical education can be challenging for  
many reason from lack of equipment to keeping student engaged To meet these challenges physical education teaching are  
turning to technology to create more dynamic classes that work for student with wide range of fitness levels and monitoring  
The book is based on the revised syllabus B P Ed and is written to familiarise the latest methods of educational technology  
among teachers and students The main purpose of the book is to provide relevant information and knowledge to students It  
will help them understand the concept of educational technology in physical education The language of the book is very  
simple and easy to understand     Social Science Lesson Plan Gullybaba Com Panel,2013-02-28     Guidelines for the
