## **Beyond Winning Negotiating Create Disputes:**

**Beyond Winning** Robert H. Mnookin, Scott R. Peppet, Andrew S. Tulumello, 2004-04-15 *Beyond Winning* charts a way out of our current crisis of confidence in the legal system. It offers a fresh look at negotiation aimed at helping lawyers turn disputes into deals and deals into better deals through practical, tough-minded problem-solving techniques. *The Conflict Resolution Grail* Meysa Maleki, 2020-06-23 *The Conflict Resolution Grail* explains what causes conflicts and offers the world an alternative solution. It goes beyond theory, techniques, policies, and interpersonal skills. This book helps you resolve your conflicts through awareness, compassion, and a negotiator's toolbox. Global conflict is one of the top challenges the world faces today. Our survival as the human race demands that we pay attention to our own role in conflict. Resolving conflict on a global scale requires change at the level of individuals. *Lawyer and Mediator* Meysa Maleki introduces the everyday person to the elements of conflict, the sub-conversations, and the skills that are required to resolve conflict effectively. However, her solution to addressing human conflict goes beyond just the latest conflict resolution theory, negotiation techniques, and the interpersonal skills of a mediator. She draws on the strengths of human beings, their capacity for compassion, and their immense potential to change their subconscious programming through awareness. This book weaves together research ranging from human genetics, evolution, communications theory, neuroscience, world history, psychology, and sociology to reframe our understanding of conflict. It provides the everyday person as well as professionals who devote their careers to working with conflict situations with an integrated approach to conflict resolution. Meysa Maleki provides a new paradigm, one that is based on awareness, compassion, and a negotiator's toolbox. *The Handbook of Dispute Resolution* Michael L. Moffitt, Robert C. Bordone, 2012-06-28 This volume is an essential, cutting-edge reference for all practitioners, students, and teachers in the field of dispute resolution. Each chapter was written specifically for this collection and has never before been published. The contributors, drawn from a wide range of academic disciplines, contain many of the most prominent names in dispute resolution today, including Frank E. A. Sander, Carrie Menkel Meadow, Bruce Patton, Lawrence Susskind, Ethan Katsh, Deborah Kolb, and Max Bazerman. *The Handbook of Dispute Resolution* contains the most current thinking about dispute resolution. It synthesizes more than thirty years of research into cogent, practitioner-focused chapters that assume no previous background in the field. At the same time, the book offers path-breaking research and theory that will interest those who have been immersed in the study or practice of dispute resolution for years. *The Handbook* also offers insights on how to understand disputants. It explores how personality factors, emotions, concerns about identity, relationship dynamics, and perceptions contribute to the escalation of disputes. The volume also explains some of the lessons available from viewing disputes through the lens of gender and cultural differences. **Dispute System Design** Lisa Blomgren Amsler, Janet Martinez, Stephanie E. Smith, 2020-06-02 *Dispute System Design* walks readers through the art of successfully designing a system for preventing, managing, and resolving conflicts and legally framed disputes. Drawing on decades of expertise as
