multiplatform fictional worlds as television film the Internet graphic novels toys and more facilitate the creation of diverse yet compact imaginary universes which are often recognisable as brands and exhibit well defined identities This volume situated at the cutting edge of media theory explores this phenomenon from both theoretical and practical perspectives uncovering how the construction of these worlds influences our own determination of values and meaning in contemporary society **Building Imaginary Worlds** Mark J.P. Wolf, 2014-03-14 Mark J P Wolf s study of imaginary worlds theorizes world building within and across media including literature comics film radio television board games video games the Internet and more Building Imaginary Worlds departs from prior approaches to imaginary worlds that focused mainly on narrative medium or genre and instead considers imaginary worlds as dynamic entities in and of themselves Wolf argues that imaginary worlds which are often transnarrative transmedial and transauthorial in nature are compelling objects of inquiry for Media Studies Chapters touch on a theoretical analysis of how world building extends beyond storytelling the engagement of the audience and the way worlds are conceptualized and experienced a history of imaginary worlds that follows their development over three millennia from the fictional islands of Homer s Odyssey to the present internarrative theory examining how narratives set in the same world can interact and relate to one another an examination of transmedial growth and adaptation and what happens when worlds make the jump between media an analysis of the transauthorial nature of imaginary worlds the resulting concentric circles of authorship and related topics of canonicity participatory worlds and subcreation s relationship with divine Creation Building Imaginary Worlds also provides the scholar of imaginary worlds with a glossary of terms and a detailed timeline that spans three millennia and more than 1 400 imaginary worlds listing their names creators and the works in which they first appeared *Not Here, Not Now* Anthony Dunne, Fiona Raby, 2025-05-06 What it means to design at a time when for many people the future seems to have become an impossibility When reality fails
