The Star Beast:

The Star Beast Robert A. Heinlein, 2012-03-01 LummoX has been the pet of the Stuart family for generations With eight legs a thick hide and huge and growing size LummoX is nobody's idea of man's best friend Nevertheless John Stuart XI descendant of the starman who originally brought LummoX back to Earth from a distant planet loves him John isn't about to let the authorities take his pet away and with his best friend Betty determines to save LummoX even if it takes leaving the life he's known forever However what John and Betty don't realize is that the survival of the Earth itself may depend on the true nature of The Star Beast An all time great science fiction coming of age classic from seven time Hugo winner and Dean of Science Fiction Robert A Heinlein At the publisher's request this title is sold without DRM Digital Rights Management

The Star Beast Robert A. Heinlein, 1981-05-12 LummoX had been the Stuart family pet for years Though far from cuddly and rather large it had always been obedient and docile Except that is for the time it had eaten the secondhand Buick But now all of a sudden and without explanation LummoX had begun chomping down on a variety of things not least a very mean dog and a cage of virtually indestructible steel Incredible John Thomas and LummoX were soon in awfully hot water and they didn't know how to get out And neither one really understood just how bad things were or how bad the situation could get until some space voyagers appeared and turned a far from ordinary family problem into an extraordinary confrontation Copyright Libri GmbH All rights reserved *Too Smart to Try* Yelena Polyakova, 2025-06-16 Ningdu accidentally enrolled in a mecha military academy Due to his poverty and frugality he struggled to get by at school Every night he stayed up late writing theoretical assignments for his classmates to earn money while sleeping through theory classes during the day He managed to earn some extra income During the underwater pressure test while his classmates were competing to see who could withstand the pressure and swim to shore fastest Ning Du was submerged in water with a pile of clothes on his body frantically washing them to save on laundry fees During reaction time class while other students frantically dodged arrows fired by robots Ningdu lay on the ground picking up arrows when no one was looking then selling them for a good price to earn extra money Later the teachers evaluation of her A student with an extremely improper attitude sleeping during theory classes always the last to surface during pressure tests and cowardly during reaction time classes the robots shooting arrows at her made her crawl on the ground in fear She's completely unfit The teachers shook their heads then pulled out the final exam score sheets for each subject to select a few outstanding students to participate in the district level competition But they discovered that Ning was first in theory exams first in underwater pressure resistance and first in reaction speed Her overall score was at the top of the list The teachers Ning was sent to the central district to participate in a mecha competition Since she couldn't afford to buy a mecha she made one out of paper She refused to attend training classes because the fees were too expensive and didn't practice with the mecha Instead she spent her days working as a part time cleaner at the competition venue During the competition she was afraid the opponent would destroy her paper mecha so she hesitated to

act and kept the opponent Later district officials came to the school and vented their frustrations Your student doesn't even use a proper mecha She skips training and goes to the competition venue every day While others are fighting she's cleaning up under their noses During the competition she doesn't even fight she just Teachers Oh we're so sorry We'll bring her back right away District officials Hmm you do need to bring her back After all the teacher of the champion has to attend the award ceremony Teachers What District officials Your student didn't fight at the competition She just hid from the other opponents making them exhaust themselves I don't know how she managed to dodge them so well They couldn't even hit her once Teachers
