## **The Pixar Touch:**

*The Pixar Touch* David A. Price, 2009-05-05 A Wall Street Journal Best Book of the Year The Pixar Touch is a lively chronicle of Pixar Animation Studios history and evolution and the fraternity of geeks who shaped it With the help of animating genius John Lasseter and visionary businessman Steve Jobs Pixar has become the gold standard of animated filmmaking beginning with a short special effects shot made at Lucasfilm in 1982 all the way up through the landmark films Toy Story Finding Nemo Wall E and others David A Price goes behind the scenes of the corporate feuds between Lasseter and his former champion Jeffrey Katzenberg as well as between Jobs and Michael Eisner And finally he explores Pixar s complex relationship with the Walt Disney Company as it transformed itself into the 7 4 billion jewel in the Disney crown With an Updated Epilogue **Summary: The Pixar Touch** BusinessNews Publishing, 2014-09-29 The must read summary of David Price s book The Pixar Touch The Making of a Company This complete summary of the ideas from David Price s book The Pixar Touch is based on interviews given by company insiders It tells the story of the American computer animation film studio from its early days to its acquisition by Disney In his book the author explains how computer innovations revolutionised the world of animated cartoons This summary provides an insight into the incredible success story of this multi billion dollar company which was created for the pleasure of both children and adults Added value of this summary Save time Understand key concepts Expand your knowledge To learn more read The Pixar Touch and discover the story behind the success of this world class animation company **Summary: The Pixar Touch** BusinessNews Publishing, 2014-09-29 The must read summary of David Price s book The Pixar Touch The Making of a Company This complete summary of the ideas from David Price s book The Pixar Touch is based on interviews given by company insiders It tells the story of the American computer animation film studio from its early days to its acquisition by Disney In his book the author explains how computer innovations revolutionised the world of animated cartoons This summary provides an insight into the incredible success story of this multi billion dollar company which was created for the pleasure of both children and adults Added value of this summary Save time Understand key concepts Expand your knowledge To learn more read The Pixar Touch and discover the story behind the success of this world class animation company *Flickers of Film* Jason Sperb, 2015-12-15 Whether paying tribute to silent films in Hugo and The Artist or celebrating arcade games in Tron Legacy and Wreck It Ralph Hollywood suddenly seems to be experiencing a wave of intense nostalgia for outmoded technologies To what extent is that a sincere lament for modes of artistic production that have nearly vanished in an all digital era And to what extent is it simply a cynical marketing ploy built on the notion that nostalgia has always been one of Hollywood s top selling products In *Flickers of Film* Jason Sperb offers nuanced and unexpected answers to these questions examining the benefits of certain types of film nostalgia while also critiquing how Hollywood s nostalgic representations of old technologies obscure important aspects of their histories He interprets this affection for the prehistory and infancy of digital technologies in relation to an industry wide

anxiety about how the digital has grown to dominate Hollywood pushing it into an uncertain creative and economic future Yet he also suggests that Hollywood s nostalgia for old technologies ignores the professionals who once employed them as well as the labor opportunities that have been lost through the computerization and outsourcing of film industry jobs Though it deals with nostalgia Flickers of Film is strikingly cutting edge one of the first studies to critically examine Pixar s role in the film industry cinematic representations of videogames and the economic effects of participatory culture As he takes in everything from Terminator Salvation to The Lego Movie Sperb helps us see what s distinct about this recent wave of self aware nostalgic films how Hollywood nostalgia today isn t what it used to be [Power Surge](#) Thomas Schatz,2026-05-12 From the author of The Genius of the System the classic tale of Hollywood s first golden age comes the story of its last Thomas Schatz returns us to an era when a newly enriched movie industry rediscovered its creative energy and indie went mainstream without losing its edge Between 1989 and 2004 all the old studios either merged with other media giants or were swallowed up by even bigger diversified behemoths leading to an infusion of money and fast tracking the digital revolution Yet even as CGI and piles of cash fueled a new breed of blockbusters Batman and Titanic Toy Story and The Lord of the Rings an indie ethos permeated the industry And at the crossroads of commodification and aesthetic vision auteurs ranging from Steven Soderbergh and Quentin Tarantino to Sofia Coppola and Ang Lee became household names Power Surge traces these trajectories which increasingly clashed and commingled during the 1990s and early 2000s resulting in nothing short of a new golden age and perhaps the last gasp of the century old studio system [Animation: A World History](#) Giannalberto Bendazzi,2015-11-06 A continuation of 1994 s groundbreaking Cartoons Giannalberto Bendazzi s Animation A World History is the largest deepest most comprehensive text of its kind based on the idea that animation is an art form that deserves its own place in scholarship Bendazzi delves beyond just Disney offering readers glimpses into the animation of Russia Africa Latin America and other often neglected areas and introducing over fifty previously undiscovered artists Full of first hand never before investigated and elsewhere unavailable information Animation A World History encompasses the history of animation production on every continent over the span of three centuries Volume III catches you up to speed on the state of animation from 1991 to present Although characterized by such trends as economic globalization the expansion of television series emerging markets in countries like China and India and the consolidation of elitist auteur animation the story of contemporary animation is still open to interpretation With an abundance of first hand research and topics ranging from Nickelodeon and Pixar to modern Estonian animation this book is the most complete record of modern animation on the market and is essential reading for all serious students of animation history Key Features Over 200 high quality head shots and film stills to add visual reference to your research Detailed information on hundreds of never before researched animators and films Coverage of animation from more than 90 countries and every major region of the world Chronological and geographical organization for quick access to the information you re looking for **The Cultural Legacy of Disney**
