**Pillars of Ascension** Candy Holmes-Foster,2024-05-13 When I received my attunement my whole world opened in a new way This was the beginning of a new level of personal healing and progress for me Another journey had begun but I had no idea what an amazing turning point this would be for me at the time I couldn t get enough I craved everything metaphysical creative and weird I ve always been a little weird to a lot of people around me so this was nothing new Nothing was off limits I started my day with meditation and self healing I played with oracle cards crystals all kinds of yoga chanting and essential oils I tried vegetarianism again and again I returned to my creative roots and started drawing and painting again Some of these things would click and others would fall away I d come back to some of them repeatedly and the ones that clicked would grow from there

**Food Citizenship** Ray A. Goldberg,2018-06-06 The global food system is the largest segment of the world s economy As agribusiness studies pioneer Ray Goldberg suggests it is also the largest health system on the planet And it is changing fast Its size and importance to human environmental and economic health means that no system is viewed with as much suspicion by so many people around the globe Changing societal expectations and scientific and medical advances have made the drivers of the food system the world s food citizens realize they must take more responsibility for society s nutritional needs economic development and the health of the environment Goldberg argues that the traditionally commodity oriented bargaining relationship between segments of the food system has become win win collaborative and characterized by public and private partnerships Those who are responding to society s needs are succeeding those who are not are losing out The food system s greatest growth area is the developing world where millions of small scale producers workers and impoverished consumers need help to become part of the commercial food system In this book Ray Goldberg interviews the change makers of today s food system leaders and constructive critics in government private industry nonprofits and academia who provide a panoramic and in depth look at a revolution in progress
