Augustine of Hippo

Confessions Penguin Classics Saint Augustine:

Confessions Augustine of Hippo, 1961-11-30 The son of a pagan father and a Christian mother Saint Augustine spent his early years torn between conflicting faiths and world views His *Confessions* written when he was in his forties recount how slowly and painfully he came to turn away from his youthful ideas and licentious lifestyle to become instead a staunch advocate of Christianity and one of its most influential thinkers A remarkably honest and revealing spiritual autobiography the *Confessions* also address fundamental issues of Christian doctrine and many of the prayers and meditations it includes are still an integral part of the practice of Christianity today For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators

Augustine's Confessions Garry Wills, 2011-02-07 From Pulitzer Prize winner Garry Wills the story of Augustine's *Confessions* In this brief and incisive book Pulitzer Prize winning historian Garry Wills tells the story of the *Confessions* what motivated Augustine to dictate it how it asks to be read and the many ways it has been misread in the one and a half millennia since it was composed Following Wills's biography of Augustine and his translation of the *Confessions* this is an unparalleled introduction to one of the most important books in the Christian and Western traditions Understandably fascinated by the story of Augustine's life modern readers have largely succumbed to the temptation to read the *Confessions* as autobiography But Wills argues this is a mistake The book is not autobiography but rather a long prayer suffused with the language of Scripture and addressed to God not man Augustine tells the story of his life not for its own significance but in order to discern how as a drama of sin and salvation leading to God it fits into sacred history We have to read Augustine as we do Dante Wills writes alert to rich layer upon layer of Scriptural and theological symbolism Wills also addresses the long afterlife of the book from controversy in its own time and relative neglect during the Middle Ages to a renewed prominence beginning in the fourteenth century and persisting to today when the *Confessions* has become an object of interest not just for Christians but also historians philosophers psychiatrists and literary critics With unmatched clarity and skill Wills strips away the centuries of misunderstanding that have accumulated around Augustine's spiritual classic

Confessions Augustine of Hippo, 2008-12-30 Garry Wills is an exceptionally gifted translator and one of our best writers on religion today His bestselling translations of individual chapters of Saint Augustine's *Confessions* have received widespread and glowing reviews Now for the first time Wills's translation of the entire work is being published as a Penguin Classics Deluxe Edition Removed by time and place but not by spiritual relevance Augustine's *Confessions* continues to influence contemporary religion language and thought Reading with fresh keen eyes Wills brings his superb gifts of analysis and insight to this ambitious translation of the entire book For more than seventy years Penguin has been the

leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators

Cosmic Prayer and Guided Transformation Robert Govaerts,2012-08-29 This book presents a realistic and thoroughly spiritual outlook upon the entire created reality It lets us envisage that various created entities are participant in a relationship with God that becomes increasingly one of an intimate personal quality that is a relationship of love It thus invites discernment that the universal reality is valuable in its own right and not only as a good for the use of humanity Drawing mainly upon Scripture ancient writers especially Maximus the Confessor as well as contemporary natural sciences this book encourages the reader to perceive human salvation not as a lifting of humanity out of creation but as a transformation into God s presence in the midst of the wider created order It shows that Christian faith at its best does not exclude the wider creation but provides us with insight and hope for a harmonious being in God that is inclusive of creation It shows that Christian faith can be a resource that helps overcome the ecological crisis
