

The image shows a close-up, top-down view of several aerosol nozzles. Each nozzle is made of a shiny, metallic material, likely aluminum, and has a conical shape. The nozzles are arranged in a grid-like pattern. Each nozzle contains a different colored propellant, which is visible as a solid, conical shape inside the nozzle. The colors include yellow, orange, blue, green, and purple. The background is dark, making the metallic surfaces and colored propellants stand out. The text "Propellant Used In an Aerosol" is overlaid in the lower center of the image in a bold, white, sans-serif font with a black outline.
