Parable of the Talents Octavia E. Butler, 1998 *Parable of the Talents* celebrates the classic Butlerian themes of alienation and transcendence violence and spirituality slavery and freedom separation and community to astonishing effect in the shockingly familiar broken world of 2032 Long awaited *Parable of the Talents* is the continuation of the travails of Lauren Olamina the heroine of 1994 s Nebula Prize finalist bestselling *Parable of the Sower* *Parable of the Talents* is told in the voice of Lauren Olamina s daughter from whom she has been separated for most of the girl s life with sections in the form of Lauren s journal Against a background of a war torn continent and with a far right religious crusader in the office of the U S presidency this is a book about a society whose very fabric has been torn asunder and where the basic physical and emotional needs of people seem almost impossible to meet *Kindred* Octavia E.

Butler, 2004-02-01 NEW FOREWORD BY JANELLE MON E Selected by *The Atlantic* as one of THE GREAT AMERICAN NOVELS From the New York Times bestselling author of *Parable of the Sower* and MacArthur Genius Grant Nebula and Hugo award winner The visionary time travel classic whose Black female hero is pulled through time to face the horrors of American slavery and explores the impacts of racism sexism and white supremacy then and now I lost an arm on my last trip home My left arm Dana s torment begins when she suddenly vanishes on her 26th birthday from California 1976 and is dragged through time to antebellum Maryland to rescue a boy named Rufus heir to a slaveowner s plantation She soon realizes the purpose of her summons to the past protect Rufus to ensure his assault of her Black ancestor so that she may one day be born As she endures the traumas of slavery and the soul crushing normalization of savagery Dana fights to keep her autonomy and return to the present Blazing the trail for neo slavery narratives like Colson Whitehead s *The Underground Railroad* and Ta Nehisi Coates s *The Water Dancer* Butler takes one of speculative fiction s oldest tropes and infuses it with lasting depth and power Dana not only experiences the cruelties of slavery on her skin but also grimly learns to accept it as a condition of her own existence in the present Where stories about American slavery are often gratuitous reducing its horror

to explicit violence and brutality Kindred is controlled and precise New York Times Reading Octavia Butler taught me to dream big and I think it's absolutely necessary that everybody have that freedom and that willingness to dream N K Jemisin
