The unavailability of an on-premise storage zone can deny users access to critical documents will adversely impact user productivity and cripple user confidence in the ShareFile technology. This is why, the availability and overall health of these storage zones have to be monitored continuously.

The **TCP** layer indicates whether/not users are able to establish TCP connections to the server quickly. TCP-connection drops and a high percentage of TCP retransmissions are captured and reported in the process.

The **Application Processes** and **Windows Service** layers periodically check the status of key processes/services supporting the storage zone and alert administrators if any process/service is unavailable or is not running. If users complain that a storage zone is not accessible, then the tests mapped to this layer will provide administrators with

The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
