**Saying Something** Ingrid Monson,1996 This fresh look at the neglected rhythm section in jazz ensembles shows that the improvisational interplay among drums bass and piano is just as innovative complex and spontaneous as the solo Ingrid Monson juxtaposes musicians talk and musical examples to ask how musicians go about saying something through music in a way that articulates identity politics and race Through interviews with Jaki Byard Richard Davis Sir Roland Hanna Billy Higgins Cecil McBee and others she develops a perspective on jazz improvisation that has interactiveness at its core in the creation of music through improvisational interaction in the shaping of social communities and networks through music and in the development of cultural meanings and ideologies that inform the interpretation of jazz in twentieth century American cultural life Replete with original musical transcriptions this broad view of jazz improvisation and its emotional and cultural power will have a wide audience among jazz fans ethnomusicologists and anthropologists *Materials and Concepts in Jazz*

Hodson, 2007-01-18 *Interaction Improvisation and Interplay in Jazz Performance* offers a new and exciting way to listen to and understand jazz When describing a performance most jazz writers focus on the improvised lines of the soloist and their underlying harmonic progressions This approach overlooks the basic fact that when you listen to jazz you almost never hear a single line but rather a musical fabric woven by several musicians in real time While it is often pragmatic to single out an individual solo line it is important to remember that an improvised solo is but one thread in that fabric and it is a thread supported by responded to and responsive of the parts being played by the other musicians in the group *Interaction Improvisation and Interplay in Jazz Performance* explores the process of player interaction in jazz and the role this interaction plays in creating improvised music including jazz improvisation through theory and analysis musical roles behaviours and relationships harmony interaction and performance *Interaction Improvisation and Interplay in Jazz Performance* will appeal to students of jazz history composition and performance as well as to the general jazz audience
