*Sinister Script* Richardson Charles T. (author),1901

**Philosophers of Consciousness** Eugene Webb,2014-12-01

*Philosophers of Consciousness* is both an expository study of the thought of the six figures it focuses on and an original exploration of the themes they address In addition as Eugene Webb states it does not hesitate to probe the more problematic areas of the thought of each thinker and to suggest what to some of their advocates will probably seem rather bold and controversial interpretations of their ideas The book reveals some deep differences that set the six off against one another in what is basically a clash between the intellectual emphasis of Lonergan and the more existential approaches of the other thinkers in this study Readers of Kierkegaard may find much of Webb s interpretation surprising and perhaps disturbing

**Visions and Faces of the**

**Tragic** Paul M. Blowers,2020-06-11 Despite the pervasive early Christian repudiation of pagan theatrical art especially prior to Constantine this monograph demonstrates the increasing attention of late ancient Christian authors to the genre of tragedy as a basis to explore the complexities of human finitude suffering and mortality in relation to the wisdom justice and providence of God The book argues that various Christian writers particularly in the post Constantinian era were keenly devoted to the mimesis or imaginative re presentation of the tragic dimension of creaturely existence more than with simply mimicking the poetics of the classical Greek and Roman tragedians It analyses a whole array of hermeneutical literary and rhetorical manifestations of tragical mimesis in early Christian writing which capitalizing on the elements of tragedy already perceptible in biblical revelation aspired to deepen and edify Christian engagement with multiform evil and with the extreme vicissitudes of historical existence Early Christian tragical mimetics included not only interpreting and often amplifying the Bible s own tragedies for contemporary audiences but also developing models of the Christian self as a tragic self revamping the Christian moral conscience as a tragical conscience and cultivating a distinctively Christian tragical pathos The study culminates in an extended consideration of the theological intelligence and accountability of tragical vision and tragical mimesis in early Christian literary culture and the unique role of the theological virtue of hope in its repertoire of tragical emotions

**The Demon's Influence**

Sanchez Jorge,2025-11-09 *The Demon s Influence* is a chilling and thought provoking anthology that delves into the insidious depths of dark magic and the terrifying ways malevolent forces can infiltrate and

corrupt the human spirit This collection of unsettling tales explores the subtle and overt manifestations of demonic power and the desperate often harrowing struggles of those who dare to confront it The book opens in the shadowed cottage of Agnes Blackwood a witch whose age is as murky as the swamp outside her door as she stirs a sinister brew for Lord Valerius Commissioned to grant him absolute dominion over the Seven Kingdoms her pact with the lesser demon Azazel sets a terrifying precedent for the dark ambition that unravels throughout the narratives The cauldron crafted from a petrified heart serves as a grotesque symbol of the sacrifices made in pursuit of unholy power Further stories introduce readers to Elara a character battling a far more insidious evil the Humor s Glow This pervasive weaponized amusement inflicted by a mischievous shard and manipulated by a demon named Jester strips its victims of genuine emotion trapping them in a horrifying parody of happiness As the town succumbs to constant unthinking mirth Elara realizes that the greatest threat isn't sorrow or anger but the absence of true feeling Her desperate fight to reclaim her own capacity for grief becomes the antidote revealing that sometimes the most profound battles against darkness are fought not with weapons but with the raw visceral pain of forgotten sorrow The Demon s Influence is a dark and compelling exploration of magic corruption and the terrifying realization that evil can often wear the most beguiling of masks a chilling reminder that true light can only be found by embracing the full spectrum of human emotion
