treated with chemicals to simulate great age and planted at the Piltdown site Yet the question of who perpetrated the forgery has remained to the present day Certainly Dawson a rural solicitor who craved a great scientific reputation was intimately involved But who provided the tremendous expertise behind the hoax and why would such a learned authority risk his career on a highly public fake Was it Woodward the great archaeologist most closely associated with the find Keith the prominent anatomist Or was it Teilhard de Chardin the French priest who found a critical tooth at the site Spencer draws on original documents from the archives of the British Museum and other sources to identify the missing conspirator in a startling and convincing revelation Compelling and authoritative Piltdown offers a gripping account of this great hoax and the final word on one of the deepest mysteries of modern science
