God's Invisible Signature Gautam Bagchi,2022-12-24 Does God exist Has anyone seen God Since the earliest times human beings have been looking for answers How did we all come into existence How the universe was created Where did the laws of nature come from How the life forms have appeared and the intelligent life evolved How did the human mind develop such skills to understand the hidden mathematics behind the invisible laws of nature Probably there is no way to know the truth also As truth sometimes is beyond us even in mathematics can we interpret the great mathematician Kurt Godel and say that we would never be able to know the ultimate truth i e the cause of the creation of the universe from within it Scientific knowledge empowers us to solve the mysteries of nature at the same time it teaches us that more mysteries are there which are beyond our imagination we must be open to the idea of completely new possibilities Many other indications provoke thought among many scientists whether the universe appears to have been designed specifically for human life This book tries to explore if at all it is possible to find such answers to know the ultimate truth **A Bell Curve** Andrew
