Discount Business Strategy Michael Moesgaard Andersen, Flemming Poulfelt, 2009-08-28 What people are saying about Discount Business Strategy Michael Andersen and Flemming Poulfelt provide a provocative discussion of the rapidly growing role of discounters across numerous industries how they operate how they create uniqueness and how they can destroy value for incumbents Understanding the specific moves and tools that the authors analyze will be valuable for attackers and incumbents alike Adrian J Slywotzky Director Mercer Management Consulting USA This book is very timely dealing with today s most critical strategic issue how to provide more value to the consumer through aggressive discounting Those players in manufacturing and distribution who master this will be the winners many established firms will fall by the wayside A similar set of issues are facing many nations today Europe vs Asia Peter Lorange President IMD Switzerland Andersen and Poulfelt have researched one of the most important themes in today s business world how fundamentally new business models have wiped out establishments not with new products or technologies but by creating new rules for conventional industries Read this book and learn how to recognize the disruption of your industry before it is too late Sigurd Liljenfeldt Senior Partner Monitor Group France This book asks if a firm can have its cake and eat it too that is maintain high quality at low prices My favourite example and shopping place is big box Costco Ikea is another A must read for a broad audience concerned about corporate survival Professor Larry E Greiner Marshall School of Business University of Southern California USA The aspiration to adopt the right strategy still prevails over the business world But is there a single best strategy for a company Can an organization create sustainable competitive advantage from an off the peg strategy And are most companies likely to craft a strategy that genuinely creates uncontested market space and makes the competition irrelevant The answer to all these questions is probably No And the rising tide of companies like Dell CostCo Skype and Linux means that asking them at all may soon be futile While strategists have foundered in old paradigms a new breed of competitors has emerged Value destroyers Old style thinking understood value destruction when it was confined to an industry and driven by a new product or technology But what are the implications when the destruction stems from a new way of thinking from a strategy that simultaneously creates value The implications are enormous Every company in every industry is potentially at risk This risk or opportunity is precisely the reason for this book and its focus on exploring why and how some companies have bridged the gap between

differentiator and cost leader strategies to emerge as winners in hypercompetitive markets and what this entails in terms of value destruction and creation Discounting organizations are here to stay are you      **Strategy Synthesis** Ron Meyer,Bob de Wit,2010-08-04 De Wit Meyera s distinctive multi perspective approach has helped thousands of students and professionals around the world develop into critical and creative strategic thinkers By carefully guiding readers through a variety of perspectives De Wit Meyer show how more than ever effective strategy requires the ability to consider strategic issues in many different ways To encourage creative strategic thinking De Wit and Meyer contrast the most important approaches and outline the major issues and differences of opinion Managers are challenged to combine the strengths of these approaches into their own strategy synthesis      **Long range planning** Society for Long Range Planning,2001      LRP ,2001      *The Accountable Corporation: Corporate social responsibility* Marc J. Epstein,Kirk O. Hanson,2006 A collection of essays on the role of business in society This book provides provocative analysis cultural and historical context and solutions from the public private and non profit sectors toward more responsible ethical and accountable business It features articles by the world s leading scholars executives and practitioners      **Global Boards** Andrew Kakabadse,Nada Kakabadse,2009-09-16 Global Boards emphasises that today s global directors must exercise shareholder discipline together with sensitive stakeholder influence This book warns against the desire for one governance reality and in contrast provides guidance on how a diversity of strategic policy and personal skills ensures effective director performance better guaranteeing continued wealth creation Book Jacket      *Large Chinese State-Owned Enterprises* Yong Zhang,2008-01-15 Large state owned enterprises SOEs have made significant contributions to the development of China s economy and its reform This book explores the various reforms and the impact of corporatisation on the strategic development of large SOEs Understanding more about the development of large SOEs in a changing context is not only of academic significance it also has important practical implications for policy makers and practitioners      **The British National Bibliography** Arthur James Wells,2005

**Book Review Index** ,2006 Every 3rd issue is a quarterly cumulation      **Strategy** Bob de Wit,Ron Meyer,2004 Bob De Wit and Ron Meyer s innovative and extremely successful strategy text encourages critical and creative strategic thinking By introducing articles from key strategists to present differing perspectives on each strategic issue covered the authors stress and contrast the diversity of views in the subject without endorsing any one approach
