

## Precalc/Algebra I Math Lab and Video Information

Contact Info: [edwards139@aol.com](mailto:edwards139@aol.com) 678-296-8653

We will again do math lab virtually this year. Math lab will be on Mondays, starting at 2:30 pm and ending at 4:00. Precalculus will be first going from 2:30 to 3:15 and algebra 1 second going from 3:15 to 4:00. If I find I need to extend the time, I will let you know. Both the precalc and algebra 1 sessions will combine the students from my Alpharetta and Cumming campuses.

Math lab is designed to review and assist students with the material that was taught during the last class session. I will start off each session by asking if there are any questions or specific problems you want me to review. I will then use the remaining time to do a review of the material for those students that want to stay. A student is free to sign off a math lab session if they believe their issue has been resolved.

You will get the most out of math lab by completing all, or at least a majority, of your homework before the start of the session. This will help you understand what sections you need the most help understanding.

The following will help you gain maximum benefit from the review sessions:

### Prior to the Review Session

- Complete all (or at least most) assigned Homework.
- Have homework graded and correct what you can
- Text or email specific problems you want to review during math lab. These will be the first ones we look at.

### During Review Session

- Be engaged!!! Even if you don't have a question on the problem being covered, turn to that problem in your homework to make sure you did it correctly.
- Ask questions. Having concepts explained is just as valuable as having problems worked out.

### Procedure

Log in from a tablet/computer (Phone screens are way too small!)

- Have a workspace so you can work out problems during the session
- Have your textbook, homework, assignment sheet, red pen, notetaking supplies and calculator.
- Have your Completed homework and filled out assignment sheet annotated with any questions you have

The URL and password are shown below. You can copy and paste the URL to your computer or tablet to enter the Zoom session. The precalc and algebra 1 sessions will be 45 minutes each and will run back-to-back with precalc going first at 2:30 followed by algebra 1 at 3:15. If I find that 45 minutes is not enough time, I will extend each period to an hour.

# Student Notes And Problems Principles Of Math 1

**Puja Mehta**

**Student Notes And Problems Principles Of Math 1:**

Thank you for downloading **Student Notes And Problems Principles Of Math 1**. As you may know, people have look numerous times for their favorite novels like this Student Notes And Problems Principles Of Math 1, but end up in infectious downloads.

Rather than enjoying a good book with a cup of coffee in the afternoon, instead they juggled with some infectious virus inside their computer.

Student Notes And Problems Principles Of Math 1 is available in our book collection an online access to it is set as public so you can download it instantly.

Our books collection hosts in multiple countries, allowing you to get the most less latency time to download any of our books like this one.

Merely said, the Student Notes And Problems Principles Of Math 1 is universally compatible with any devices to read
