Svensk Grammatik :

Swedish Philip Holmes, Ian Hinchliffe, 1994 A comprehensive reference guide to the grammar of modern Swedish which concentrates on the real patterns of use in today's language. It is an ideal reference source for the user and learner of Swedish irrespective of level. *Swedish: A Comprehensive Grammar* Philip Holmes, Ian Hinchliffe, 2013-05-02 Winner of the Swedish National Language Council's Erik Wellander Prize 2003. *Swedish A Comprehensive Grammar* is an award-winning complete reference guide to modern Swedish grammar. Systematic and accessible, the volume is organised to promote a thorough understanding of Swedish grammar, presenting the complexities of Swedish in a concise and readable form. Explanations are full, clear and free of jargon, and an extensive index, numbered paragraphs, cross-references and summary charts provide readers with easy access to the information they require. Now in its third edition, the text has been comprehensively updated to conform to new standards set in the description of language and to reflect the recommendations of the Language Council of Sweden. It offers an improved layout, completely revised index and more user-friendly paragraph structure. Continuing the tradition of previous editions, the emphasis remains fixed on Swedish in everyday communication, drawing on modern corpus material, the internet and the media to provide high-frequency words and expressions. Examples have been modernised throughout, and new content takes account of recent trends resulting from the increasing democratisation of written Swedish. Features include detailed treatment of grammatical structures and parts of speech, a wealth of examples from present-day Swedish, particular attention to areas of confusion and difficulty for learners, Swedish-English contrasts highlighted throughout, chapters on word formation, orthography and punctuation. *Swedish A Comprehensive Grammar* is the most thorough and detailed Swedish grammar available in English and is an essential reference source for the learner and user of Swedish, irrespective of level. It is ideal for use in schools, colleges, universities and adult classes of all types. *The Practice of Language* M. Gustafsson, L. Hertzberg, 2013-04-17 How is linguistic theory related to linguistic practice? What do theoretical notions and models tell us about real-life language use? Are there any limits to what such notions and models can reasonably be taken to accomplish? These questions are fundamental to any serious investigation into the phenomena of human communication. The essays in this book show that philosophers and linguists of quite different brands have tended to give undue priority to their own favourite theoretical framework and have presupposed that the descriptive scheme invoked by that framework constitutes a pattern to which any linguistic practice somehow has to conform. What unites the contributors to this volume is a critical attitude towards such essentialist aspirations. By investigating several concrete examples of this tendency, examples collected from such seemingly disparate areas as structuralism, contemporary analytic philosophy and feminist epistemology, the authors collectively manage to cast doubt on the very attempt to fit the whole of linguistic practice into a general theoretical mould. *Liten svensk grammatik: Grundbok* Tor G. Hultman, 1975 ***Liten svensk grammatik: Övningsbok*** Tor G. Hultman, 1975 ***Svenska Akademiens***
