The Innovation Navigator Tucker J Marion, Sebastian Fixson, 2025-10-28 The Innovation Navigator returns with a revised edition and a fresh look at the shifting landscape of modern innovation. With the rise of artificial intelligence, digital design, and collaborative platforms, organizations face new opportunities and challenges in managing their innovation processes. Renowned entrepreneurial academics Tucker Marion and Sebastian Fixson present a comprehensive update to their groundbreaking guide, including new chapters on AI's role in enhancing creativity, decision making, and product development; new metrics for managing innovation and thoughts on employee skill development. The second edition of The Innovation Navigator also features updated and illustrative case studies of companies such as Microsoft, Ford, Merck, and OpenAI. This updated edition provides practical frameworks for applying AI across the original four key innovation modes: specialist, venture, community, and network, and offers insights on adopting multimodal strategies to stay ahead in today's competitive environment. Whether you're a corporate leader or a novice entrepreneur, this book will equip you with the tools to navigate the challenges of AI-driven digital transformation and seize new opportunities in a powerfully evolving market.

Artificial Intelligence for Strategic Communication Karen E. Sutherland, 2025-02-17 In an era where AI is revolutionising every aspect of communication, this groundbreaking research monograph provides an essential roadmap for navigating the intersection of artificial intelligence and strategic communication. Drawing on extensive primary research, including interviews with 41 experts and surveys of 400 professionals across three continents and eight countries, this book provides insights from relevant scholars, communication practitioners, and AI tool developers. This comprehensive guide combines scholarly rigour with practical application, presenting a data-informed Model for Practice that helps to withstand the constant evolution of AI technology. Each chapter delivers research-informed, actionable tools relating to the multifaceted field of strategic communication, including ethical practice, strategy development, content creation, evaluation, and continuous improvement. Bridging the gap between theoretical understanding and practical implementation, *AI for Strategic Communication* is an invaluable resource for strategic communication scholars, students, and practitioners essential for advancing careers in the age of AI. This work emerged from the need for a comprehensive source combining scholarly, practitioner, and AI developer perspectives on strategic communication from around the globe.

Mastering AI Jeremy Kahn, 2024-08-01 An urgent book on generative artificial intelligence exploring the risk and benefits looming in this seminal moment. Easily the best exploration to date on the perils and promise of AI. ASHLEE VANCE author of *When the Heavens Went on Sale*. *Mastering AI* is a must-read. It's hard to put down. BETHANY McLEAN coauthor of *The Smartest Guys in the Room* and *The Big Fail*. A timely and urgent exploration of AI's dizzying acceleration. BRAD STONE author of *The Everything Store*. The debut of ChatGPT on November 30th was a watershed moment in the history of technology. We stand on the threshold of a new age, one where content of all kinds, even software itself, will be conjured seemingly from thin air with simple conversation. In a culture fraught with misinformation, *Mastering AI* pierces through the thicket of exaggerated claims, explaining how we

arrived at this moment and mapping the likely long term impacts on business economics culture and society this potent technology will have This book will serve as a guide to those dangers as well as highlighting the technology s transformative potential and will pinpoint concrete steps that should be taken to regulate generative AI
