problems and to solve them in ethical dialogues Academic Integrity Grading and Cheating Tolerance Diversity and Hate Speech Privacy and Dialogue Loyalty Friendship and Community Sex Relationships and Power Drinking and Living the Good Life On Getting a Life Religion Relativism and Dialogue For college students and anyone interested in ethics *Arabic Minimalist Story* Ibrāhīm Ṭāhā, 2009 This unique study aims at characterizing the Arabic minimalist story as a new genre of narrative fiction that exploits many austere devices of post modern strategies to exhibit a variety of socio political and ideological matters that affect the fundamental needs of the common people in all Arab states One of the major aims of this study is to expose the reader to the particularity of the Arabic minimalist story on both levels thematic and aesthetic On the thematic level political national and citizenship questions are at the top of the genre s agenda Other topics such as feminism and economic conditions also attract significant interest among minimalist writers in all Arab countries However Arab minimalist writers are mostly preoccupied by national and political issues related to their quest for freedom free speech and proper interrelations between common people and rulers In reading Arabic minimalist fiction we come to recognize that the political crisis in Arab states has been among the uppermost concerns of Arab minimalist writers for the last three decades On the aesthetic poetic level Arabic minimalist story is mostly applied to identify texts that are pared down to their most essential features and fundamental components One of the departure points of the minimalist story in modern Arabic fiction is blurring transparency which challenges the reader and his ability to go beyond the surface namely to cross the verbal text to unseen texts Since the minimalist story goes immediately to the point of the text implicitly or explicitly it generates a deep sense of powerful product This is apparently the very reason why the minimalist story is particularly apt for devices that forcefully move the reader such as satire sarcasm the absurd irony the grotesque caricature paradox and the like Unlike long genres of narrative fiction which narrate a piece of reality or history the minimalist story touches directly the core of the experience that the writer wishes to portray Unlike long narrative genres of well explained events and detailed descriptions the unique powerful effect of the minimalist story stems from its concentrated focal and sudden presentation Fighting and resistance are well suited to the minimalist story which does not scatter the reader s attention to side issues The immediacy and shortness of minimalist fiction are apparently the very features needed to reach the extreme of challenge and resistance
