

ADVERTISING AND SALES PROMOTION

UNIT – I

INTRODUCTION

Advertising is only one element of the promotion mix, but it is often considered prominent in the overall marketing mix design. Its high visibility and pervasiveness made it an important social and economic topic in Indian society.

Promotion may be defined as “the co-ordination of all seller initiated efforts to set up channels of information and persuasion to facilitate the sale of a good or service.” Promotion is most often intended to be a supporting component in a marketing mix. Promotion decision must be integrated and co-ordinated with the rest of the marketing mix, particularly product/brand decisions, so that it may effectively support an entire marketing mix strategy. The promotion mix consists of four basic elements. They are:-

1. Advertising
2. Personal Selling
3. Sales Promotion, and
4. Publicity

1. Advertising is the dissemination of information by non-personal means through paid media where the source is the sponsoring organization.
2. Personal selling is the dissemination of information by personal methods, like face-to-face, contacts between audience and employees of the sponsoring organization. The source of information is the sponsoring organization.
