and Isis acted as Thoth's instrument to deliver the teachings in a form humanity could use. In this initiatic guide to temple building on the spiritual and physical planes, Normandi Ellis and Nicki Scully explain how to create a communal spiritual structure for connecting with the ancient Egyptian pantheon as well as how to consecrate yourself and become a vessel suitable for divine wisdom and a home for your personal gods. The authors detail the construction, shamanic visioning, and ritual consecration of a Moon Temple dedicated to Thoth. They explore teachings that help you develop relationships with the Egyptian neteru and realize your place within the family of the Egyptian pantheon. They guide you as you create your inner heart temple, the adytum, a safe place in which to receive guidance and access your higher spiritual bodies and oracular gifts. They provide shamanic journeys and initiations, on ascension, shamanic death and renewal, soul retrieval, and healing multidimensional realities and more. By creating a sacred temple within and without, we each can take part in the union of Isis and Thoth and restore the magic of the Egyptian mysteries to our time.

The Path of Alchemy Mark Stavish, 2006. *The Path of Alchemy* introduces the history and basic laws of alchemy, including its relation to Qabala, tarot, astrology, and the four elements. Anyone who can follow a recipe can successfully practice alchemy using these safe, modern techniques based on spagyrics, the Greek term for plant alchemy, to create distillations, stones, tinctures, and elixirs for physical healing, spiritual growth, psychic experiments, initiation, consecration, spellwork, and more. Meditations and alchemical assignments in each chapter help you advance toward healing and transformation of your body, mind, and spirit. Page 4 of cover
