### A powerful tool for frac van display

FRACPRO EXCHANGE and FRACPRO software share common files, allowing more compatibility and efficiency between field and office work.

FRACPRO EXCHANGE software can display user configurable plots on multiple monitors. Numerical readouts are available in customizable screens. Both the color and size of graphics and numerics can be selected to suit the user's needs, then saved and transferred to other units.

Unless a "Design vs. Actual" comparison is required, the treatment schedule is not required prior to beginning the job. Getting started is only a one-button selection and automatic staging is available through external selection.

FRACPRO EXCHANGE software includes a built-in report tool to create a customizable summary of the operations, including plots, graphs and tables. It produces Word or Excel compatible outputs, while also allowing custom reports.
