Refracting the Canon in Contemporary British Literature and Film ,2016-08-09 Contemporary works of art that remodel the canon not only create complex hybrid and plural products but also alter our perceptions and understanding of their source texts This is the dual process referred to in this volume as refraction that the essays collected here set out to discuss and analyse by focusing on the dialectic rapport between postmodernism and the canon What is sought in many of the essays is a redefinition of postmodernist art and a re examination of the canon in the light of contemporary epistemology Given this dual process this volume will be of value both to everyone interested in contemporary art particularly fiction

drama and film and also to readers whose aim it is to promote a better appreciation of canonical British literature

Betrayals Charles Palliser, 1995 At once a hypnotic murder mystery scathing literary parody soap opera and brilliant pastiche *Betrayals* is an astonishing virtuoso performance by a modern master of literary gamesmanship in the tradition of Vladimir Nabokov and John Barth The novel unfolds in a series of seemingly unrelated narratives each written in a different style indeed in a different genre There is an obituary for a Scottish scientist and Nobel Prize winner written by a colleague who clearly relishes his death Early in the century a train in the Scottish Highlands heads down the wrong track during a winter snowstorm and the passengers are forced to abandon the train resulting in the death or is it murder of one of them An inane publisher's reader summarizes the plot of a tacky hospital romance novel which ends in a gory murder all too reminiscent of Jack the Ripper Even a report on a contemporary academic controversy explodes into a scandal of plagiarism shattered reputations paranoia and suicide or is it murder made to look as such As Palliser deftly teases out each new situation it becomes clear that they are all variations on a single outrageous theme a distinguished figure in some intellectual pursuit science literature academia becomes obsessed with the success of a rival and schemes his demise only to botch the job out of sheer monomania Like the scorpion that stings itself to death each plotter becomes a victim of his own plot each betrayer changes places with the betrayed in an intricate dance of deception revenge and revelation A challenging engrossing utterly original work of art *Betrayals* is also pure joy to read a book that will make you laugh out loud turn pages madly in pursuit of the next plot twist and above all marvel at the supreme ingenuity of a fictional puzzle in which the unlikeliest pieces fit together perfectly From the Hardcover edition
