## **The Search For Hidden Sacred Knowledge:**

*The Search for Hidden, Sacred Knowledge* Dolores Cannon, 2014-12-21 Many of us lived previous lives as keepers of sacred knowledge that was taught in the ancient mystery schools Much of this knowledge was lost through time due to disasters and destruction or death The knowledge was reserved for a select few who devoted their lives to understanding and teaching it

[The Search for Hidden, Sacred Knowledge](#) Dolores Cannon, 2014 Cannon focuses on the secret knowledge that has been passed from generation to generation after the Extraterrestrials left earth For centuries ET wisdom has been protected by the few who belonged to the secret Wars have been fought and terrible injustices have been committed in attempts to gain access to this knowledge Now it is no longer reserved strictly for oracles in temples it is returning to our time and is now available for all to learn

[Summary of Dolores Cannon's The Search for Hidden, Sacred Knowledge](#) Everest Media, 2022-07-02T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The extraterrestrials developed life on Earth They lived with the savages and taught them basic skills so they would be able to survive and develop a civilization They did not die until they wanted to so they were treated as gods 2 The building of temples and stone circles was a marker for the passing of the seasons and the positions of certain important stars and planets The courses were plotted in relation to the lintels and stones This was a highly advanced science by the time of Atlantis 3 The Egyptians used the stars and the planets to track their seasons and this developed into a more sophisticated system of astronomy The structures were also visible from space and served as markers for spaceships orbiting the planet 4 There were many different types of people in the temple some of whom were angry because they didn't want to be there They said they were from neighboring galaxies or neighboring stars

[Gospel Symbols: Finding the Creator in His Creations](#) Mark A. Shields, 2023-02-02 The Liahona isn't the only type or symbol in the scriptures In fact Moses tells us that all things testify of their Creator This means that there are symbols all around us that can teach us things of eternal value if only we can open our eyes and hearts to their messages We know that God's symbolism teaches messages that words simply can't But these symbols don't exist just so we can be impressed with an interesting bit of knowledge and move on unaffected by the insight Symbolism is meant to shape who we are not just what we know Gospel Symbols Finding the Creator in His Creations will Show you new levels of understanding in words and rituals you probably take for granted Provide you with life changing insights Supercharge your study of eternal principles Enhance your understanding of the ordinances and ceremonial practices of the biblical Church In a clear easy to understand approach this book combines ancient scriptures and modern insights to teach you and your family the precious truths found only in gospel symbols

[Profane](#) Christopher S. Grenda, 2014-08-15 Humans have been uttering profane words and incurring the consequences for millennia But contemporary events from the violence in 2006 that followed Danish newspaper cartoons depicting the Prophet Mohammed to the 2012 furor over the Innocence of Muslims video indicate that controversy concerning blasphemy has reemerged in

explosive transnational form In an age when electronic media transmit offense as rapidly as profane images and texts can be produced blasphemy is bracingly relevant again In this volume a distinguished cast of international scholars examines the profound difficulties blasphemy raises for modern societies Contributors examine how the sacred is formed and maintained how sacrilegious expression is conceived and regulated and how the resulting conflicts resist easy adjudication Their studies range across art history politics law literature and theology Because of the global nature of the problem the volume s approach is comparative examining blasphemy across cultural and geopolitical boundaries
