(American Mathematics Contest 8)

Solutions Pamphlet

Tuesday, NOVEMBER 13, 2007

This Solutions Pamphlet gives at least one solution for each problem on this year's exam and shows that all the problems can be solved using material normally associated with the mathematics curriculum for students in eighth grade or below. These solutions are by no means the only ones possible, nor are they necessarily superior to others the reader may devise.

We hope that teachers will share these solutions with their students. However, the publication, reproduction, or communication of the problems or solutions of the AMC 8 during the period when students are eligible to participate seriously jeopardizes the integrity of the results. *Dissemination at any time via copier, telephone, e-mail, World Wide Web or media of any type is a violation of the competition rules.*

Correspondence about the problems and solutions should be addressed to:

**Ms. Bonnie Leitch, AMC 8 Chair / bleitch@earthlink.net

Orders for prior year Exam questions and Solutions Pamphlets should be addressed to:
