What, Me Holy?, 2004-03 Custom Curriculum allows you to address the issues that students face in today's world in a way that can be fully customized to be a perfect fit for your group **Sorry, Wrong Answer** Rod L. Evans Ph.D., 2010-06-01 Where were Venetian blinds invented What color is the black box on a commercial airplane Where did India ink originate Most of us know more than we think we know We also think we know more than we actually do because some of what we think we know simply ain't so We all harbor misconceptions that are accepted not only because they are popular but also because they make sense It makes sense to believe for example that German chocolate originated in Germany rather than the truth that German chocolate is so named because it was created by Sam German It seems logical to believe that Mercury is the hottest planet because of its proximity to the sun or that buttermilk contains butter that Danish pastry is from Denmark and that the boat race America's Cup was named after the United States of America In *Sorry Wrong Answer* Rod Evans takes readers on a tour of misleading trivia debunking commonly held assumptions and sharing surprising right answers Answers Japan Orange China *Games Youth Specialties*, 2010-06-01 You want whacked out run till you drop games Here they are You want sedate games for small quiet groups Got em Inside Games are more than 400 indoor and outdoor games teenagers love to play Balloon Games Twice the fun of a church board meeting with only half the hot air An inexpensive good time Basketball Games All of them slam dunks Volleyball Games What self-respecting youth group doesn't love a good volleyball game They'll go crazy for these bizarre mutations of the sport Indoor Games for Large Groups Reserve your church's gym or fellowship hall for the night and turn to page 35 for this collection of games Living Room Games Great for parties informal gatherings or anytime you've got a roomful of people just sitting around And more indoor games for small groups mind reading games and dozens of Ping Pong variations Whether you're a youth worker or a recreation leader at a church school club or camp Games is your storehouse of proven youth group tested ideas *Stumbling on Happiness* Daniel Gilbert, 2009-02-24 A smart and funny book by a prominent Harvard psychologist which uses groundbreaking research and often hilarious anecdotes to show us why we're so lousy at predicting what will make us happy and what we can do about it Most of us spend our lives steering ourselves toward the best of all possible futures only to find that tomorrow rarely turns out as we had expected Why As Harvard psychologist Daniel Gilbert explains when people try to imagine what the future will hold they make some basic and consistent mistakes Just as memory plays tricks on us when we try to look backward in time so does imagination play tricks when we try to look forward Using cutting edge research much of it original Gilbert shakes cajoles persuades tricks and jokes us into accepting the fact that happiness is not really what or where we thought it was Among the unexpected questions he poses Why are conjoined twins no less happy than the general population When you go out to eat is it better to order your favourite dish every time or to try something new If Ingrid Bergman hadn't gotten on the plane at the end of Casablanca would she and Bogey have been better off Smart witty accessible and laugh out loud funny
