

Criticism of Modernization Theory

Criticism of theory and model:

- model is simply a justification for capitalist systems to exploit non-capitalist ones
- Modernization simply has not occurred in many poor countries.
- Rich nations can block the path to development for poor countries.
- Poor countries developing from a point of weakness.
- Model suggests that causes of poverty lie entirely in the poor societies themselves.
- Industrialization = Development?
- At what price? Environmental destruction, cultural destruction
