Hk Primary School Exam Paper:

Education in Hong Kong, 1941 to 2001 Anthony Sweeting, 2004-07-01 It provides comprehensive coverage of developments in formal and informal education in Hong Kong from the end of 1941 to the beginning of the new millennium. As was true of its predecessor each Part of this book is subdivided into three sections: Commentary, Chronicle, and Evidence. Such an organization facilitates flexible reading. Readers primarily interested in analysis, interpretation, and the identification of themes are likely to focus initially on the Commentary sections and to move as they feel stimulated to the relevant entries in the Chronicle and/or items of Evidence. Readers who seek either more encyclopedic understanding or detailed answers to specific questions may well wish to focus primarily or at least initially on the Chronicle sections and then to search for substantiation in the Evidence section or for amplification in the author's Commentary. At times some readers may wish to browse through the Evidence sections reaching possibly serendipitous discoveries. Academic and general readers are likely to be particularly interested in Part I of the book which deals with education in Hong Kong during the Japanese occupation, a topic that has received only very rare and generalization-bound treatment in other publications. The author offers insights into all levels of education. His conceptual scope incorporates many types of education including the mainstream academic education, technical education, teacher education, special education, physical education, civic education, education that focuses on morals, that which focuses on culture, and the various sorts of non-formal and informal education. **(Free version)**

How was Hong Kong perceived and described by writers from the 1950s during the last colonial period? Was it a British city or was it Chinese? The writers show how different life was for expats ensconced on the Peak and leading a glitzy lifestyle compared to refugees who came pouring into the colony from mainland China and lived in dire poverty in squatter camps. Find out if that East and West ever mingled in My Hong Kong. *Hong Kong Economic Papers*, 1984. **Education Under Mao** Jonathan Unger, 1982.
