Exam Info

Psychology Exam Date: May 19th, 11am PST

2 FRQs: 25 mins for Q1 (concept application), 15 mins for Q2 (research methods)

Eligible Units: 1-7

Writing FRQs

*Carefully read the prompt prior to answering. Answer the questions you are most comfortable with first, to **prioritize your time and maximize your score.**

* The question may not be clear so **make sure you interpret** the question correctly

*Underline key words and phrases that specifically identify what the task is

*Prewrite key definitions, examples, and people to use in the answer

*Be specific, direct, and concise; to the point. **Avoid contradictions**

Use SODAS:

- **Space It:** Leave enough space between each task for you to go back and add to it.
- **Order:** Answer the tasks in the same order as listen in the question
- **Define:** Briefly explain each concept using specific terminology that indicates an understanding of the topic. **VERY IMPORTANT.**
- **Apply:** Relate terms in the question to the scenario or connect the terms as directed in the question, paying attention to specific instructions. **VERY IMPORTANT.**
- **Synonyms:** Do not use the term in the definition or application

Sentence Frame:

- **Psychology Term** is **definition**. In this case/study/experiment, show how it applies
- Ex: **Attachment** is **an emotional tie with another person. In Harry and Margaret Harlow's experiment, they bred monkeys which eventually sought out comfort more than food, which demonstrates that the effects of attachments are seen in other species as well.**

Test Day Tips

- Have all of your notes **prepared and ready**, but don't spend too much time looking for information. It's better to **know the info** and use the time to demonstrate your knowledge.
- Keep an eye on the clock, and make sure you **leave enough time** to answer every question
- Check your work with any remaining time.
- Stay calm and **get in the zone**; you've prepped all year for this and the only thing you can do at this point is try your best.

plan is to get frequent feedback on what you know and what you don't. At the online REA Study Center you can access three types of assessment: topic level quizzes, mini tests, and a full length practice test. Each of these tools provides true to format questions and delivers a detailed score report that follows the topics set by the College Board. Topic Level Quizzes: Short 15 minute quizzes are available throughout the review and test your immediate understanding of the topics just covered. Mini Tests: Two online mini tests cover what you've studied in each half of the book. These tests are like the actual AP Psychology exam, only shorter and will help you evaluate your overall understanding of the subject. Full Length Practice Test: After you've finished reviewing the book, take our full length practice exam to practice under test day conditions. Available both in this book and online, this test gives you the most complete picture of your strengths and weaknesses. We strongly recommend that you take the online version of the exam for the added benefits of timed testing, automatic scoring, and a detailed score report. Improving Your Score with e-Flashcards: With your score reports from the quizzes and tests, you'll be able to see exactly which AP Psychology topics you need to review. Use this information to create your own flashcards for the areas where you are weak. And because you will create these flashcards through the REA Study Center, you can access them from any computer or smartphone. REA's All Access test prep is a must have for students taking the AP Psychology exam.
