Simon,2017-09-20 A Dissertation Guide for Professional Learners Doctoral education has changed dramatically over the last three decades Traditionally pursuit of a doctoral or research credential involved intense study at a large traditional research university and was reserved for those seeking careers in academia or research The process of completing doctoral level work at traditional universities usually required a commitment to full time study varied tremendously between institutions and was often somewhat mysterious Today all this has changed The emergence and growth of online education has led to a proliferation of doctoral learning possibilities for busy professionals Individuals in the industry nonprofit and education are sectors are pursuing doctoral study as a means to advance their careers increase their market value in the workplace and establish their professional stature If this sounds like you then you have come to the right place Recipes for Success is the book that will launch you on a successful quest for the doctoral degree Dissertations are very personal endeavors and accomplishments originating with problems and issues that are meaningful and important to the doctoral learner These professionals are deeply grounded in their understanding of the issues and needs of their profession Recipes build on this this understanding helping learners to discover and frame issues they are passionate about and construct a credible and influential research study around this passion While most dissertation guides focus largely or exclusively on the mechanics of writing and organization Recipes approaches dissertation development as an iterative process of thinking and self reflection that leads learners to discover what matters most to them

and to their professions and enables them to frame this meaning into a research problem and purpose and to organize and execute a study design to fit and thus solve the problem and achieve the purpose From the very beginning of your doctoral journey to the ultimate achievement of degree completion this book is your guide to the process and content of dissertation and research creation In Recipes for Success we articulate a process by which you can build the pieces of a successful and influential dissertation Using a workbook approach rich in tools templates frameworks examples web integration and hard won lessons from experience Recipes provides a friendly easy to navigate process crafting issues and ideas into research and results Based on our 40 years of collective experience in the online educational setting mentoring over 300 professional learners to success in completing their doctorates including numerous award winners we identify the most important factors for success and the traps to avoid Whether you are considering doctoral study are already in a doctoral program or are working to develop and complete your dissertation you will find Recipes for Success a key ingredient in your success as a doctoral learner Our graduates tell us that Recipes is THE book that made a difference in their doctoral career and success YOU can do it too Good luck on your doctoral journey

Citation Management Tools Nancy R. Glassman, 2018-11-23 With the rise of scholarly communication proper citation and attribution practices have become more important than ever Citation management software is an essential tool for meeting this challenge Look no further than the proliferation of free and fee based packages on the market new programs and updated versions of existing software offering innovative features seem to pop up all the time Busy students and researchers do not have the time or energy to test drive all the available options in order to make an informed decision regarding the selection of the right tool to manage their references After finding the right tool they need someone to help them use it properly Librarians must be able to help their patrons navigate the many alternatives and effectively use the special features of the software they ultimately select Citation Management Tools A Practical Guide for Librarians was written to help librarians teachers and writers demystify the complex world of citation management software Topics include An overview of citation management software including what it can and cannot do Advice on selecting the right program for the right researcher and the right project A comparison of citation managers on the market Leveraging citation managers to provide library services Citation management as a collaboration and networking tool Ways to use citation managers to facilitate proper citation practices and avoiding plagiarism Citation managers to tame the unruly folders on your desktop Mobile citation management Future trends This book focuses on the four citation managers commonly used in libraries EndNote Mendeley RefWorks and Zotero but other noteworthy tools are also described Citation Management Tools A Practical Guide for Librarians provides librarians with the essential skills and information required to support the use of citation managers at their libraries and explore creative ways to use these tools
